	Townland	Structure Name	Description
DPS502	Coolross	House	A typical three-bay two-storey rural house in form with the added interest of an earlier return and high-quality front doorway and a fine range of stone outbuildings. Its context is enhanced by its juxtaposition with a second house, dating to the seventeenth century.

	Townland	Structure Name	Description
DPS503	Annagh (Riverstown)	New Bridge	Five-arch road bridge over Little Brosna River, built c. 1820, of coursed rubble limestone construction with cut limestone voussoirs to high parabolic arches, with cutwaters. Splayed rubble limestone rubble walls to each end of bridge.
DPS504	Derrinsallow	Derrinsallow Bridge	Triple-arch road bridge over Little Brosna River, built c. 1860. Cut limestone walls having voussoirs, string courses, coursed limestone rubble parapets and U-cutwaters to west, downstream, elevation. Lower limestone rubble walls extend from parapets along road.
DPS505	Roden	Roden House	Detached five-bay two-storey over half basement house with dormer attic, built 1784, with lower two-storey return and with lean-to extensions to rear and to north gable. Pitched slate roof to slightly-raised overhanging eaves, having slated roofs and sides to dormers, and rendered chimneystacks to gable ends. Corrugated-iron roofs to extensions. Rendered rubble limestone walls, rendered brick to return and to one extension. Replacement aluminium windows to slightly-widened openings. Limestone block-and-start door surround having date to keystone "1784", spoked fanlight, and with flight of limestone steps leading to timber panelled door.
DPS506	Lisballyard	Post Box	Wall-mounted cast-iron post box, c. 1890, having royal insignia of Victoria and "Post Office" in high relief lettering. "S É" lettering to door in high relief, which is a replacement for the nineteenth-century original. Set into a stone pier at a crossroads.
DPS507	Portland	Portland Harbour	Inland harbour with coursed dressed limestone quay walls, c. 1810, with channel to west to Shannon River. Saw mill buildings and house, originally associated with the harbour, no longer in use.
DPS508	Portland	Saw Mill	Group of detached sawmill buildings, built c.1945. Pitched corrugated-iron roofs, one with metal chimneystack. One building with concrete walls, others with timber clapboard sides. Timber drying kilns and boiler to concrete-walled building, open storage and sawing workshops to others. Kiln building has rare steel locking mechanisms to doors. Timber clapboard office to south-west with pitched corrugated-iron roof. Four-bay two-storey house to north-east with pitched slate roof, two-over-two pane and some six-over-six pane timber sash windows. Complex sited adjacent to inland harbour to and from which goods were transported along River Shannon.

Townland	Structure Name	Description
DPS509	Bredagh House'	Detached two-storey house, four-bay to front and five-bay to rear, built c. 1790. Porch addition to front elevation and single-storey lean-tos to rear and side of house. Pitched slate roof with rendered chimneystacks. Lime rendered coursed rubble limestone walls with dressed eaves course and squared quoins. Two-over-two pane, some six-over-six pane one none-over-six pane timber sash and nine-pane casement windows, some with stone sills. Timber battened doors. Large openings inserted into west gable and east end of front elevation. Random coursed limestone walls surrounding most of rear yard. Original stone outbuildings altered and incorporated into modern structures.
DPS510	Lehinch Windmill	Freestanding circular-plan two-stage windmill, c. 1780, now in ruins. Rubble limestone walls with some render remaining. Narrow slit windows splayed to interior in upper floors. Opposed square-headed doorways to ground floor, missing their lintels. Part of the stone spiral staircase retained to interior, although all other features and machinery have been lost.
DPS511	Ashpark Ashpark Farm	Detached three-bay two-storey former RIC barracks, built c. 1820, now vacant and disused. Pitched slate roof. Rendered rubble limestone walls with square-headed openings having timber heads and brick surrounds, now with windows removed. Timber battened door to main entrance. Later L-shaped single-storey outbuilding adjoining to south, having pitched corrugated-iron roof and coursed rubble limestone walls. Detached two-storey outbuilding to west having pitched roof and coursed rubble stone walls with brick to openings.
DPS512	Derry Our Lady Queen of Ireland Church	Detached circular-plan church, built 1984, with part-glazed, part-masonry exterior and having two glazed entrance porches concentric to parts of circumference, with verandahs to other parts and with semi-circular sacristy. Conical artificial slate roof with overhanging eaves and conical spire with slated base, glazed middle and sheet metal upper section with cross finial. Pebble dash render to masonry walls. Timber framed windows and timber and glazed entrance doors. Three-bay two-storey presbytery to north related to previous early-nineteenth century church has hipped slate roof with lean-to rear extension and replacement aluminium windows.

Townland	Structure Name	Description	
DPS513	Graigue	Dorrha Church of Ireland Church	Detached single-cell church, built 1832, with three-bay side elevations, having three-stage entrance tower to west end with diagonal buttresses and with vestry to north. Pitched slate roofs to nave and vestry. Cut stone and brick chimneystack to vestry and carved stone copings to all gables. Coursed rubble limestone walls with cut stone quoins, buttresses and having chamfered corners and carved stone string courses, crenellations and pinnacles to tower. Pointed windows with traceried timber sash six-over-six pane windows with small panes in cut stone surrounds, larger and with double sashes to centre of side walls and triple sash to east end, all with hood mouldings. Panelled double leaf timber doors in Tudor arches with hood mouldings to main entrance and vestry. Graveyard around church bounded by rubble limestone wall and stands within an early ecclesiastical site.
DPS514	Croghan	house'	Detached three-bay single-storey house with attic house, built c. 1870, with gabled porch. Pitched slate roof with rendered central chimneystack and ceramic ridge tiles. Cast-iron rainwater goods. Rendered walls. Small pane timber sash windows, which are replacements to ground floor, and six-over-six pane timber sash windows to first floor of gables. Battened timber door with cast iron plaque over having the "R [Regis]" initial and crown motif.
DPS515	Ross	Ross House	Detached three-bay two-storey house, built c. 1825, having double-height screen walls flanking the front elevation. This nineteenth-century house is an addition to the original eighteenth-century house to north-west. Hipped slate roof to nineteenth-century house, with pitched slate roof to earlier block. Rendered walls. Replacement uPVC windows and doors throughout, although cobweb fanlight of front door has been retained to recessed round-headed doorway. Limestone sills to windows. Blind pointed window openings to the curtain walls. Single-storey coursed rubble limestone outbuildings having pitched slate roofs to rear of house.
DPS516	Croghan	thatched house'	Detached five-bay single-storey house, built c. 1820, having later porch to front. Pitched water reed thatch roof with raised ridge and having low central chimneystack. Cement render to walls. Replacement timber windows and battened timber door.
DPS517	Croghan	house'	Detached L-plan three-bay single-storey cottage, built c.1850, with extension to side, set within grounds of Birr Demesne. Flat roof with rendered chimneystack and some cast-iron rainwater goods. Roughcast render to walls. Timber sash six-over-six pane windows with stone sills, with rendered hood moulding to one front window. Segmental-headed door opening with replacement timber panelled door and spoked fanlight.

	Townland	Structure Name	Description
DPS518	Croghan	The Shell Well	Freestanding corbelled dome-shaped well, built c. 1990, located within the Fanery Gardens of Birr Castle demesne. Random coursed rubble walling with corbelled dome roof. Pointed-arch opening with carved head-type keystone. Wrought-iron gate. Interior decorated with shells.
DPS519	Croghan	Croghan Bridge	Three-arch stone bridge, built c.1750, carrying a local road over the River Camcor. Random coursed stonework with ashlar arch rings. V-shaped cutwaters upstream and downstream. River bank accessed by stone steps. Modern railings mounted on upstream parapet.
DPS520	Croghan	Ivy Bridge	Three-arch bridge, built c.1860, over the River Camcor, and set within Birr Castle demesne. Yellow brick soffits and arches to segmental arches, brick parapets, snecked rock-faced limestone to spandrels and roughly dressed limestone to piers and to upstream cutwaters. Plaque to parapet depicting earlier bridge of 1640 is most likely from another structure elsewhere in Birr area. Earlier three-arch bridge had castellated parapets over river bank.
DPS521	Ballyloughane	terrace of houses'	Terrace of four two-storey houses, possibly formerly eight houses with two-bay ground and one-bay first floors, built c. 1800. Now consisting of two two-bay houses, one five-bay and one six-bay house having pitched slate and artificial slate roofs and rendered chimneystacks. Smooth rendered and pebbledashed walls. Small window openings having timber sash windows, some six-over-three pane and two-over-two pane. Three square-headed door openings with recessed round-headed overdoors, having timber battened and replacement doors.
DPS522	Ballyloughane	Riverstown Bridge	Five-arched limestone road bridge over Little Brosna River, built c. 1780. Segmental arches and with V-cutwaters to south elevation, those of central piers extending up to parapet level to provide pedestrian refuges. Rubble limestone walls with squared limestone voussoirs to arches. Concrete casing to bridge piers, render to barrels of arches and pointing .
DPS523	Ballykinash	windmill'	Four-stage circular-plan windmill, built c. 1820, now roofless. Flared rubble limestone walls with square-headed openings with stone lintels. Opposed square-headed doorways in east and west and missing their lintels.
DPS524	Ballykinash		Detached three-bay two-storey building, possibly a corn-drying kiln, built c. 1820, having pitched stone roof with brick lining to interior. Exposed coursed rubble limestone walls having brick surrounds to openings. Two large openings to second floor now blocked up. Floor missing to interior. Fireplace to ground floor.

	Townland	Structure Name	Description
DPS525	Ballykinash	house'	Detached seven-bay single-storey house, built c. 1820, also in use as public house and shop. Porch with pitched roof to centre of front façade. Pitched slate roof with rendered chimneystacks and cast-iron rainwater goods. Pebbledash render to walls. Timber sash one-over-one pane windows with limestone sills. Simple timber shopfront to south gable having pilasters, fascia. Timber and glazed doors with plain overlights.
DPS526	Ballykinash	post box'	Wall-mounted cast-iron letter box, c. 1890, with royal insignia of Victoria, crown and "Post Office" in high relief. Set in concrete block boundary wall.
DPS527	Caherhoereigh	Carrig Church	Detached gable-fronted cruciform-plan church, built 1825, having porches recently added to transepts. Pitched artificial slate roof with bellcote to entrance gable. Pebbledash render to all walls except to ashlar limestone entrance front and to bellcote and corner buttresses of transepts. Carved stone date plaque to entrance front. Pointed arch window openings having block-and-start cut stone surrounds and replacement timber windows. Stained glass window to south (altar) end. Cut stone front door surround with hood moulding, pinnacles and battlements having replacement timber battened doors. Exposed roof trusses and gallery with carved timber balustrade to interior. Timber and glazed entrance screen retaining original doors.
DPS528	Ballykinash	Carrig Cottage	Detached five-bay single-storey over half basement house with three-bay side elevations, built c. 1820, having recent glazed porch to front. Hipped artificial slate roof and rendered chimneystacks. Pebbledash render to walls. Replacement timber windows. Panelled and glazed double-leaf front door having fanlight. Outbuildings to rear with pitched roofs.
DPS529	Terryglass	houses	Pair of semi-detached houses, built c. 1880, one now in use as Garda Station. Pitched slate roofs with dormer attics, ceramic ridge tiles and rendered chimneystacks. Decorative bargeboards to dormer windows and gable. Roughcast render to walls. Triangular-headed dormer and upper gable windows. Replacement uPVC windows and timber doors.
DPS530	Terryglass	Father P.J. O' Connor Community Centre	Freestanding T-plan single-storey former church, built c. 1825, with later single-storey additions. Pitched artificial slate roof and with rendered chimney to south-east gable. Rendered walls, replacement small-pane timber windows and timber battened double doors. Coursed rubble wall to yard at front. Single-storey outbuilding to north-east.

	Townland	Structure Name	Description
DPS531	Terryglass	Paddys Bar	Detached five-bay single-storey public house having dormer attic over east end and built c. 1880. Later two-storey pile adjoins to south. Modern cut limestone porch to south elevation. Pitched slate roofs, with corrugated-iron roof to west end of older pile, carved bargeboards to dormer windows and eaves of older pile, and with rendered chimneystacks. Rendered walls with stucco quoins and two small timber and glazed pubfronts to north elevation. Timber sash windows throughout and glazed timber doors.
DPS532	Carrownaglogh	bridge'	Double-arch road bridge over river, built c. 1800, of squared rubble limestone brought to courses, having cut stone voussoirs to arches and rubble limestone coping. Two round arches of unequal size, with splayed walls to west end of bridge.
DPS533	Slevoir	Saint Mary's Parochial House	Detached three-bay two-storey parochial house, built c. 1890, with projecting end bay and return to rear. Hipped artificial slate roof with ceramic ridge tiles and cresting. Ruled-and-lined rendered walls with stucco quoins and block-and-start surrounds to window openings. Replacement timber sash windows and with double-ogee stained glass window over entrance. Timber panelled front door with fanlight recessed in round-headed opening in shallow porch with stucco render and with cornice and modillions. Two-storey coursed rubble limestone outbuilding to east having pitched slate roof and brick surrounds to openings.
DPS534	Slevoir	Saint Mary's Roman Catholic Church	Freestanding cruciform-plan church, built 1866. Comprising four-bay side elevations to nave, with transepts, square-plan apse and with four-stage tower with clock, buttresses and spire and sacristy to south-east. Pitched slate roofs with decorative ceramic cresting to ridges, stone cross finials and cast-iron rainwater goods. Snecked rusticated limestone walls with cut limestone coping stones to gables. Small lancet windows with stained and coloured glass with cut stone surrounds. Double pointed windows with quatrefoil above in tower. Tripled lancets to east end. Pointed-arch entrance and tower doorways with cut limestone surrounds and timber battened doors. Doorway in west gable has red marble columns supporting moulded pointed-archivolt with shouldered chamfered door opening with double timber battened doors and with tympanum bearing raised commemorative inscription with date. Interior has pointed-arch doorways to transepts and exposed timber truss roof and marble reredos. Plain cast-iron railings and gates along road frontage.
DPS535	Ballinderry	Ballinderry Bridge	Five-arch stone road bridge over Ballyfinboy River, built c. 1790. Rubble limestone walls with dressed limestone voussoirs to round arches and with V-cutwaters to west side of bridge. Southernmost arch is flood arch. Concrete casing to piers. Bridge recently repaired and repointed.

	Townland	Structure Name	Description
DPS536	Newlawn	water pump'	Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head having fluted spout, curvilinear handle, and domed cap with pointed finial. Now disused. Set back from lane with recently repaired rubble stone boundary wall.
DPS537	Kilgarvan	Kilgarvan House	Detached three-bay two-storey house, built c. 1810, having three-bay two-storey return to rear. Hipped slate roof to main block with pitched slate roof to return. Rendered chimneystacks. Rendered walls with projecting stucco quoins to main block. Replacement timber windows to main block with some two-over-two pane and double one-over-one pane timber sash retained to return, all with limestone sills. Glazed timber front door having replacement timber side lights and spoked fanlight, in recessed segmental-headed opening. Glass house to south. Rendered outbuildings to enclosed yard to rear, entered through dressed limestone carriage arch to south. Later nineteenth century three-bay single-storey gate lodge to south of house opposite main entrance, having pitched slate roof with decorative timber bargeboards and with two-over-two pane timber sash windows.
DPS538	Fortmoy	Fortmoy House Lower	Detached three-bay two-storey house, built c. 1820, having three-bay two-storey return to rear with single-storey lean-to addition. Hipped slate roof with cut stone chimneystacks. Pitched slate roof with rendered chimneystack to return. Rendered walls. Tripartite six-over-six pane timber sash windows, with some two-over-two pane to return, all having limestone sills to front block with variously-sized timber sash windows to return also having limestone sills. Recessed doorway with narrow moulded surround having braced timber door with paned sidelights and plain fanlight. Single- and two-storey stone and rendered outbuildings having pitched slate and corrugated iron roofs.
DPS539	Fortmoy	mill'	Detached multiple-bay three-storey former flour mill, built c. 1740, having single-storey drying kiln to rear. Pitched slate roof. Rendered rubble limestone walls. Irregularly-spaced square window openings having dressed limestone voussoirs. Dressed limestone voussoirs also to carriage arch and doorway in south elevation. Brick-lined drying kiln to north. Wheel pit to west gable. Internal machinery and mill stones retained in-situ.

Townland	Structure Name	Description
DPS540	Feigh West	Detached single-cell church, built 1813, having three-bay nave, three-stage bell tower to west end and vestry to south-east. Pitched slate roof with small cut stone chimneystack over east gable. Cut stone crenellations, pinnacles and corbels to bell tower. Rendered limestone walls with cut stone eaves course. Pointed window openings with chamfered surrounds and limestone sills. Traceried timber windows with mullions to north side of nave and pointed timber windows with mullions to tower, all with small panes and with metal lattice casements to south side of nave. Timber battened door to tower with chamfered cut stone surround to pointed opening. Timber panelled gallery and items of liturgical furniture remain to the interior. Surrounded by a cemetery with eighteenth-, nineteenth- and twentieth century gravestones and bounded by a rubble wall.
DPS541	Feigh West Glebe House	Detached three-bay two-storey over half basement house, built 1816, having porch to front entrance. Original two-storey return to rear extended. Hipped slate roof having central rendered chimneystacks. Lean-to roof to return. Rendered walls. Timber sash six-over-six pane windows with limestone sills. Replacement timber windows to basement. Porch has pitched slate roof with timber panelled door with spoked fanlight, reached by limestone steps with parapets. Rear yard with two-storey outbuilding of stable and carriage house with limestone voussoirs to some openings, recently converted. Gateway to yard with dressed stone piers and wrought-iron gates.
DPS542	Coorevin Coorevin House	Detached T-plan five-bay two-storey house with attic, built c. 1710, with stairs return to rear. Recent porch added to front. Steeply-pitched artificial slate roof with rendered end chimneystacks and uPVC rainwater goods. Pebbledashed walls with cement quoins and stringcourse. Replacement uPVC windows in square-headed openings. Entrance has flat-headed doorway flanked by side lights, all replacement uPVC. Mid-nineteenth century stone outbuildings having pitched slate roofs, stone walls with brick surrounds and incorporating carriage arch.

Townland	Structure Name	Description
DPS543	Balliyna West	Detached three-bay two-storey house, built c. 1850, having single-bay lean-to to south-west gable and later porch addition to front. Pitched slate roof with dressed stone end chimneystacks and coping to gable. Lime render to walls. Tripartite six-over-six pane timber sash windows to front end bays, single windows elsewhere, two-over-two pane to porch and one-over-one pane to lean-to and with various other windows to rear, all with limestone sills. Two casement small-pane windows to rear. Glazed and panelled doors to porch and main entrance, with timber battened door to lean-to to rear. Single- and two-storey stone outbuildings to rear retaining pitched slate roofs. One building has small-pane timber windows and battened doors with rubble limestone walls and dressed voussoirs to openings. Garden to front of house bounded by rendered walls with wrought-iron garden gate.
DPS544	Gurteen (Ballingarry) Gurteen House	Detached ten-bay two-storey house, built c. 1810, having projecting bays to south end and to centre bays and with two-bay two-storey return to rear connecting with multiple-bay two-storey block. Now in use as college accommodation. Hipped slate roof, with artificial slate to two south bays and rest of complex, with ceramic ridge tiles. Decorative red brick chimneystacks. Pebbledashed rendered walls with rounded corners to central projecting bays. Limestone sills with moulded surrounds to all front bay window openings, except south bays. Replacement uPVC sash windows to all openings. Doorway in centre of central projection, with verandah with lean-to artificial slate roof. Former two-storey outbuildings to south. Single-storey gate lodge to start of avenue to south.
DPS545	Loughkeen Ivy Hall	Detached five-bay two-storey house with attic, built c. 1780. Pitched slate roof with overhanging eaves and rendered end chimneystacks. Rendered walls. Brick surrounds and stone sills to replacement uPVC windows. Replacement timber and uPVC door surround with fanlight and replacement timber door with steps. Remains of single-storey stone structure to north end of house. House adjoins graveyard with standing and ruined churches.
DPS546	Ballingarry Ballingarry Castle	Eighteen bee boles in three rows, erected c. 1820, built of squared blocks of limestone with round brick-arched heads to boles. Cut stone eaves and with stringcourses separating rows. Built against interior of north-east section of bawn wall of medieval Ballingarry Castle.
DPS547	Creeragh (Ballingarry) Castlesheppard House	Detached three-bay two-storey house, built c. 1730, adjoining remains of tower house to rear. Nineteenth century extensions to rear each side of tower. Roof removed. Remains of timber sash windows to front elevation. Outbuilding to west recently re-roofed and converted into house.

	Townland	Structure Name	Description
DPS548	The Pike	former presbytery'	Detached three-bay two-storey former presbytery, built c. 1925, now in use as private house. Hipped slate roof with central brick chimneystacks. Ruled-and-lined render to walls with raised surrounds to openings. Two-over-two pane timber sash windows with limestone sills. Timber panelled front door with overlight and sidelights. Rendered plinth walls with cast-iron gate and railings to site.
DPS549	Gortinarable	Fairyhill Well House	ectangular-plan well-house, built c. 1780, having rubble limestone walls and lean-to stone slab roof. Wrought-iron gate to entrance and limestone steps leading to round well. Located north of Fairyhill House beside avenue.
DPS550	Wingfield	Wingfield House	Detached multiple-bay three-storey eighteenth-century house with three-bay two-storey house, built c. 1815, attached to front. Six-bay two-storey kitchen block added to rear of earlier block. Slate roofs, pitched to earliest and kitchen blocks and hipped with bracketed eaves to later house. Rendered chimneystacks, to ends of later house and laterally to rear of earliest block. Rendered rubble walls. Remnants of timber sash windows to some openings, tripartite to first floor of front, two-over-two pane to ground floor and six-over-six pane to first floor, with some four-over-two pane to rear block, all with limestone sills throughout. Remains of timber panelled front door. Remains of plasterwork, shouldered doorcases and staircase to earliest block with timber panelled doors and other features surviving to interior, although in very poor condition. Single-storey outbuildings with pitched slate roofs, round-headed carriage arches and openings to south-west.
DPS551	Parkboy (Carney)	cast iron water pump'	Freestanding cast-iron water pump, built c. 1880, comprising banded cylindrical shaft with fluted head having fluted spout, curvilinear handle, and fluted domed cap with pointed finial. Now disused. Set back from line of road on concrete platform with recently-rebuilt random stone wall.
DPS552	Commons of Carney	Finnoe School	Detached three-bay single-storey school, built c. 1820, having entrance porch to south. Pitched slate roofs. Rendered chimneystack to north gable. Lime render to walls. Six-over-six pane timber sash windows having limestone sills. Timber matchboard door to porch.
DPS553	Carrick (Ballinarry)	house'	Rendered and rubble limestone farmyard complex, built c. 1800. Comprising a four-bay single-storey house with loft, two-bay single-storey building running to north of house, and a two-bay single-storey building to south of house. Pitched corrugated-iron roof with rendered chimneystack to house. Roughcast rendered walls. Square-headed openings with limestone sills. Pitched slate roofs to outbuildings, having coursed limestone rubble walls with square-headed openings.

	Townland	Structure Name	Description
DPS554	Behamore (Smith)	Behamore	Detached three-bay two-storey over basement house, built c.1780, with lean-to single-storey addition to rear. Now disused. Hipped slate roof with paired carved timber eaves brackets and rendered chimneystacks. Roughcast rendered walls. Doorcase set into niche. Replacement timber windows.
DPS555	Behamore (Smith)	Behamore National School	Detached three-bay single-storey school, built 1890, now disused. Pitched slate roof with brick chimneystack and decorative timber bargeboards. Roughcast rendered walls having limestone name and date plaque. Square-headed openings having six-over-nine pane timber casement windows and limestone sills. Timber matchboard door with six-pane oversight set in square-headed opening.
DPS556	Behamore (Smith)	house'	Detached four-bay two-storey house, built c. 1860, now disused. Return to rear with lower roof, used as outbuilding. Recent flat-roofed extension to rear also. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls with two-over-two pane timber sash windows and timber panelled and glazed door. Multiple-bay two-storey outbuilding to the south, having pitched slate roof, roughcast rendered walls and square-headed openings with timber casement windows. Rendered gate piers with wrought-iron gates and railings.
DPS557	Clybanane	former creamery	Detached seven-bay two-pile single-storey former creamery built c. 1920, with central projecting porch. Now in use as a community hall. Pitched slate roof with cast-iron roof vents and rendered chimneystack. Roughcast rendered walls with render quoins and plinth and having pediments to porch. Timber windows set in square-headed openings with casement windows and with some four-over-four pane and one-over-one pane sash windows to rear pile, all with limestone sills. Timber battened front door with glazed oversight. Statue of Virgin Mary over porch.
DPS558	Clybanane	Beechmount House	Detached three-bay two-storey house, built c. 1780. Hipped slate roof with timber eaves brackets and rendered chimneystacks. Rendered walls. Timber sash windows, six-over-six pane with some three-over-six pane to rear, set in square-headed openings having limestone sills, . Limestone steps leading to entrance, with timber panelled door in doorcase with Ionic pilasters and with ornate fanlight in segmental-headed opening. Double courtyard of outbuildings to the south, accessed through carriage arch with limestone voussoirs and timber battened double doors with bellcote above. Two-storey outbuilding with integral carriage arch with tower over with decorative weathervane, hipped slate roofs and rubble sandstone walls. Replacement timber windows with limestone sills. Cobbled yard surfaces. Single-storey ranges to the south, with hipped slate roofs and rubble sandstone walls.

	Townland	Structure Name	Description
DPS559	Garrykennedy	Garrykennedy Quay	Cut stone quay, built c. 1780, on a rectangular plan with roughly dressed limestone rubble walls brought to courses having stone steps and protruding rounded mooring platform to north-east and east-iron mooring bollards. Surviving wall of medieval tower house to site.
DPS560	Garrykennedy		Terraced three-bay two-storey house, built c. 1800, with single-bay two-storey outbuilding with carriage arch to the north-west, and single-bay single-storey addition to south-east. Pitched slate roof with brick chimneystacks and cast-iron rainwater goods. Rendered walls with square-headed openings having two-over-two pane timber sash windows. Square-headed door opening with replacement timber matchboard door. Limestone former carriage-arch with segmental head at north end, now having fixed timber window. Replacement timber matchboard doors to opening above. Random rubble wall to front boundary.
DPS561	Garrykennedy	Ciss Ryans	Detached seven-bay two-pile two-storey former house, built c. 1800, now in use as public house with projecting gabled porch. Pitched artificial slate roofs with rendered chimneystacks. Roughcast rendered walls with square-headed openings having replacement two-over-two pane timber sash windows with render surrounds. Replacement timber matchboard doors. Recent rubble limestone walls to front boundary.
DPS562	Garrykennedy	post box'	Cast iron post box
DPS563	Garrykennedy	outbuilding'	single storey outbuilding with natural slate roof
DPS564	Castlelough	Castlelough	Detached three-bay two-storey two-pile country house. Front block, built c. 1820, has canted bay windows flanking open projecting flat-roofed porch. Earlier rear block is four-bay and three-storey with dormer attic and has single- and two-storey additions to rear. Hipped slate roofs with rendered chimneystacks, cast-iron rainwater goods and with moulded render parapet except to rear elevation of rear block. Rendered walls, with cut limestone quoins and plinth to front block. Timber sash windows throughout, with cut stone sills. Later block has one-over-one pane windows and earlier block has exposed sash boxes with wide variety of small-pane window, including horizontally-sliding timber sash windows to ground floor, some double sash windows and narrow single lights to west elevation. Brackets and render cornices to bay windows and with render surrounds to all other windows of front block. Tripartite window over porch has render pilasters, frieze, cornice and brackets to mullions. Canted bay window to west gable of front block. Square-headed opening with replacement timber panelled door, overli
DPS565	Garrykennedy	Garrykennedy House Tower	Detached circular plan three-stage tower, built c. 1800, having dressed rubble limestone walls and segmental-headed openings.

Townland	Structure Name	Description
DPS566	Ballyalla farm complex'	Farmyard complex set around a cobbled courtyard, built c. 1820, comprising multiple-bay single- and two-storey outbuildings running south-west to north-east to south-east to south-west. Pitched slate and corrugated-iron roofs. Coursed limestone rubble walls with square-headed openings having brick voussoirs and some with timber sash windows. Square-headed openings with timber matchboard doors. Segmental-arched openings with timber matchboard doors. Irregular-plan multiple-bay single-storey with attic house to south-west with pitched slate roof, rendered walls and replacement timber windows and timber matchboard doors.
DPS567	Garraunfadda Rinskaheen	Detached irregular-plan three-bay two-storey former fishing lodge, built c. 1890, remodelled 1968-69, now in use as house with gable-fronted projections and modern conservatory to front elevation. Pitched artificial slate roofs with rendered chimneystacks. Roughcast rendered walls with square-headed openings having replacement timber and uPVC windows, and render and stone sills. Square-headed door openings with timber panelled door and pitched timber canopy above. Cut stone quay to north-east.
DPS568	Dromineer Dromineer Quay	Coursed limestone rubble quay, built c. 1845, on a rectangular plan.
DPS569	Dromineer navigational store'	Detached three-bay single-storey former inland navigation store, built c. 1845. Pitched slate roof with brick chimneystack and with timber canopy to front elevation. Snecked limestone walls with square-headed openings having six-over-six pane timber sash windows with brick block-and-start surrounds and cut stone sills. Timber battened sliding doors to front and south elevations with brick relieving arches. Doorway with brick surround to north gable, blocked with limestone. Limestone rubble harbour to front.
DPS570	Dromineer house'	Detached two-bay single-storey house, built c. 1910, with verandah and projecting gable-fronted bay to front. Pitched corrugated-iron roof with brick chimneystacks and decorative barge couple to gable. Timber supports to verandah. Corrugated-iron cladding to walls. Square-headed openings having fixed and timber casement windows, doubled and with corrugated-iron hood to projecting bay. Timber panelled and glazed timber double doors opening onto verandah.
DPS571	Dromineer house'	Detached four-bay single-storey house, built c. 1890, with projecting verandah to front supported by timber columns. Pitched corrugated-iron roof to house, lean-to to verandah. Battened timber-sheeted walls with square-headed openings with timber surrounds having fixed and timber casement windows with timber sills and panelled doors. Picket fence to garden in front. Modern concrete block lean-to extension to rear.

Townland	Structure Name	Description
DPS572	Dromineer house'	Detached five-bay single-storey house, built c. 1890, with projecting glazed bay and canopy porch to front, and single-bay extension to north-east. Pitched corrugated-iron roof with brick chimneystack, cast-iron rainwater goods, overhanging decoratively-carved timber bargeboards and finials to gables. Hipped corrugated-iron roof to porch, supported at one end on cast-iron column with decorative brackets to top. Timber sheeted walls. Square-headed openings with fixed and timber casement windows and having label mouldings above. Timber panelled door.
DPS573	Killadangan St Patricks Roman Catholic Church	Detached T-plan gable-fronted church, dated 1859, with two-bay side elevations to nave, single-bay transepts and modern two-bay single-storey lean-to sacristy to north-west elevation. Pitched artificial slate roofs with stone bellcote and cross to front and cross finials to other gables. Front gable of snecked limestone with skew vertical joints and stone plinth. Diagonal buttresses with pinnacles to all corners. Rendered walls elsewhere, with buttresses to nave. Cut stone date plaque over entrance. Pointed-arch openings with chamfered limestone surrounds with hood mouldings. Coloured and stained glass windows and timber matchboard doors. Marble reredos to altar end. Snecked limestone boundary wall with cut stone piers and cast-iron gate.
DPS574	Annaghbeg Bridge	Seven-arch road bridge over Nenagh River, built c. 1750. Rubble limestone walls with cut stone voussoirs to elliptical arches and cut stone coping to parapets.
DPS575	Cushmona house'	Detached three-bay two-storey house, dated 1824, with modern two-storey flat-roofed extension to rear. Hipped artificial slate roof with rendered chimneystack. Rendered walls with render quoins and plinth and cut limestone date plaque with label moulding above. Square-headed openings with replacement uPVC windows to first floor. Replacement uPVC and timber bow windows to ground floor with cut limestone label mouldings over and timber sills with bracket support. Round-headed opening with replacement uPVC window to north-west elevation. Ogee-arched cut limestone door opening with timber matchboard door and stone step. Limestone rubble boundary wall to front garden with cast-iron gate.
DPS576	Youghalvillage limekiln'	Limekiln, built c. 1780. Snecked limestone walls with round-headed arch having dressed stone voussoirs.

Townland	Structure Name	Description
DPS577	Youghalvillage Youghal House	Detached five-bay two-storey over basement house, built c. 1800, with three-bay side elevations and single-bay three-storey stairs return to rear. Hipped slate roofs with paired eaves brackets and rendered chimneystacks. Ruled-and-lined and roughcast rendered walls with render quoins. Square-headed openings with timber sash windows, nine-over-six pane to ground floor, six-over-six pane to first floor and rear, latter with some six-over-three pane windows, all having cut stone sills. Round-headed window to return with replacement uPVC window. Round-headed main doorway with timber panelled door flanked by engaged columns and with ornate fanlight and with stone step. Single- and two-storey outbuildings to rear with pitched slate roofs, rubble walls, segmental-headed carriage arches and square-headed openings.
DPS578	Youghalvillage handball alley'	Handball alley, built c. 1930, on a rectangular plan and built inside edge of medieval graveyard. Mass concrete wall, rendered to interior and with iron netting supports and square-headed door opening.
DPS579	Ballycommon house'	Detached four-bay single-storey direct-entry vernacular house, built c. 1800, with attached outbuilding to south-west. Pitched slate roof with rendered brick chimneystacks and cast-iron rainwater goods. Lime-washed rubble walls with square-headed openings having mainly six-over-three pane timber sash windows with stone sills and timber matchboard door and half-door. Outbuildings to north with corrugated-iron roofs and rendered and rubble walls. Low rendered and rubble walls to boundaries.
DPS580	Ballyannymore mill'	Detached L-plan four-storey with attic former flour mill, built c1820, having four-bay north-east elevation and three-bay south-east and south-west elevations. Probable site of wheel pit with segmental-arched opening for axle, and remains of lean-to addition, to north-west. Half-hipped roof with no surviving structure or covering. Coursed rubble limestone walls, dressed snecked limestone to north-west wall of south-western half, with dressed quoins. Date-stone ex-situ at south-west. Round-arched windows to north wall of western half and to ground floor of south-east elevation, square-arched elsewhere, with dressed limestone voussoirs and tooled limestone sills, having bars to some south-west windows. Round-arched doorway in south-west elevation and recent wide doorway in south-east. Mill reached by long raised causeway with millrace visible to north side of southern stretch. Rubble limestone outbuilding to south-west with pitched slate roof and open-sided front. Single-storey square-plan possible miller's house to south-east with three-bay front elevation, slated roof having double rear gable, rubbl
DPS581	Ballyhimikin Clarianna Mill	Derelict two storey, five bay mill house and out buildings
DPS582	Ballyhimikin bridge'	Four-arch road bridge over Nenagh River. Rubble limestone walls with cut stone voussoirs to elliptical arches.

Townland	Structure Name	Description
DPS583	Ardcroney Church	Detached T-plan gable-fronted church, built 1838, with three-bay side elevations to nave, single-bay transepts with later sacristy to south-east. Pitched slate roofs with cast-iron rainwater goods and stone cross finial to front gable. Roughly coursed snecked limestone rubble walls with dressed limestone quoins and voussoirs to openings. Carved date stone to east façade. Lancel windows with limestone sills and having stained glass. Pointed-arch doorways having timber matchboard doors with glazed overlights. Two-stage round bell tower with conical slate roof to south, erected c. 1975. Mass rock to the north.
DPS584	Coolnamunna Garraun Roman Catholic Church	Detached gable-fronted church, built 1830, with three-bay side elevations, single-bay transepts and with later porch and diagonal buttresses to front elevation. Now roofless. Roughcast rendered limestone rubble walls, with coursed limestone rubble porch. Pointed-arch window openings with limestone sills with remains of timber triple-light stained glass window to east end. Carved date stone and brick surrounds to openings of porch.
DPS585	Glenahilty Glenahilty National School	Detached two-storey former national school, with projecting three-bay gabled front, flanked by recessed blind walls and with two-bay side walls, built 1872, now in use as a house. Hipped slate roof with rendered chimneystack, having pitched roof to the gable. snecked limestone walls with dressed limestone quoins. Replacement two-over-two pane timber sash windows set in square-headed openings, segmental-headed over doorway, all having limestone sills and brick surrounds. Limestone plaque to the south-east wall.
DPS586	Rapla North ice house'	Icehouse, built c. 1760, comprising rubble limestone masonry walls with barrel vaulted roof. Square-headed entrance in north gable.
DPS587	Kilruane Church of Ireland	Detached Board of First Fruits church, built 1820, with three-bay side elevations to nave and three-stage tower with pinnacles and crenellations to west. Snecked limestone walls with ashlar limestone corner buttresses, string courses to tower and carved eaves course to nave. Openings with hood mouldings and chamfered ashlar reveals. Lancel windows with one remaining leaded light in tower and pointed-arch entrance. Remains of ruinous medieval church in graveyard to site. Limestone rubble piers with cut stone caps and cast-iron spear-headed gates. Limestone rubble boundary walls.

Townland	Structure Name	Description
DPS588	Townfields	commercial premises'
<p>Terraced five-bay two-storey former hotel, built c. 1855, now in use as two houses. Comprising of two-bay two-storey house to the west and three-bay two-storey house to the east. Pitched artificial slate roofs with rendered chimneystacks. Lined-and-ruled rendered walls having render quoins and decorative render architraves and keystones to openings. Replacement uPVC windows with original stone sills and replacement timber doors. Sign "Williams Commercial Hotel" on raised render panel in front elevation.</p>		
DPS589	Townfields	house'
<p>Semi-detached three-bay two-storey house, built c. 1820, as a pair with adjoining house to westwindows, three-over-three pane to first floor and six-over-six pane to ground, with stone sills. Timber matchboard door with overlight.</p>		
DPS590	Townfields	Galbraith
<p>Detached three-bay two-storey house, built c. 1850, with shopfront and chamfered corner to east end. Pitched slate roof with rendered chimneystacks. Lined-and-ruled rendered walls to ground floor with roughcast rendered walls to first floor, having raised render plat bands and surrounds to openings. Timber panelled door with overlight and replacement uPVC and timber fixed windows. Timber shopfront comprising of pilasters flanking openings with fascia and moulded cornice above.</p>		
DPS591	Townfields	The Lime Tree
<p>End-of-terrace three-bay three-storey former house, built c. 1840, now vacant and with vacant public house to ground floor. Pitched slate roof with rendered chimneystacks. Lined-and-ruled rendered walls having render quoins and moulded render architraves to boarded windows. Timber shopfront comprising of panelled timber pilasters flanking openings with fascia and moulded cornice above.</p>		
DPS592	Townfields	1-5 Chrch Street
<p>Sixteen-bay three-storey former barrack building, erected c. 1800, with single-storey rear returns and integral carriage arch. Subsequently subdivided into residential accommodation and now in use as terraced houses. Pitched slate and artificial slate roofs with red brick and rendered chimneystacks. Roughcast rendered rubble limestone walls. Timber sash windows to two houses, three-over-three pane to second floor, six-over-six to first floor and one-over-one to ground, with some timber casement to rear. Replacement windows elsewhere. Replacement doors throughout. Remains of some cobbled yards with rubble coursed stone boundary walls to rear. Building forms one side of the village green, originally envisaged as a military parade ground.</p>		

Townland	Structure Name	Description	
DPS593	Townfields	R. O'Hara	Terraced two-bay three-storey house, built c. 1820, as part of a pair with adjoining house to the east. Former retail outlet to ground floor. Pitched slate roof having rendered chimneystacks. Pebbledashed walls with decorative render quoins and render plat bands. Timber sash one-over-one pane windows having raised render surrounds to openings. Camber-headed door opening with render chamfered architrave and replacement door. Render shopfront comprising of render pilasters flanking tripartite fixed timber windows and timber-glazed door having render fascia and cornice above.
DPS594	Townfields	house'	End-of-terrace two-bay two-storey house, built c. 1910, with former retail outlet to ground floor. Pitched artificial slate roof having rendered chimneystack. Pebbledashed walls with render quoins, plat band at sill level of first floor and render window surrounds. Timber sash one-over-one pane windows to first floor and replacement timber door and casement windows to ground floor. Rendered shopfront comprising of render panelled pilasters flanking openings with fascia and cornice above. Lean-to concrete extension to rear.
DPS595	Townfields	house'	Terraced two-bay three-storey house, built c. 1820, with blocked former carriage arch and subdivided into two houses. Pitched slate roof with rendered and brick chimneystacks. Rendered walls having render quoins to ground floor and roughcast rendered walls to first floor. Timber sash one-over-one pane windows to west end and replacement timber to western house and to ground floor.
DPS596	Townfields	house'	Terraced three-bay two-storey house, built c. 1830, later adapted for use as shop. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls. Timber sash one-over-one pane windows with stone sills and smooth rendered architraves. Timber matchboard door with paned overlight. Timber matchboard door and fixed window to former shopfront.
DPS597	Townfields	house'	Terraced two-bay two-storey house and shop, built c. 1900, with integral carriage arch. Pitched artificial slate roof with cast-iron rainwater goods and rendered chimneystacks. Rendered walls having render quoins. Timber sash windows, one horizontal-over-two-vertical pane, with stone sills and moulded render surrounds. Timber shopfront comprising of pilasters flanking half-glazed timber matchboard door and fixed timber windows, having fascia and cornice above. Pair of timber matchboard doors to square-headed carriage arch.

Townland	Structure Name	Description
DPS598	Townfields mill'	Eleven-bay four-storey mill with integral carriage arch, built c. 1800, now disused. Pitched slate roof having half-hip to south end and ceramic ridge tiles. Coursed rubble limestone walls with brick cornice and remains of limestone render. Timber matchboard door with overhead. Archway has round-headed brick arches and timber matchboard doors. Timber matchboard doors to rear loading bays. Three-bay two-storey former manager's house attached to north, having slate roof, rendered walls and door at ground floor linked to warehouse.
DPS599	Townfields bank'	Terraced three-bay single-storey former bank, built c. 1925. Flat roof with balustraded parapet. Lined-and-ruled rendered walls with pilasters, cornice and neo-Classical enrichments supported by four brackets. Replacement timber windows and door with overhead. Cast-iron railings and gate to site.
DPS600	Townfields house'	Detached five-bay two-storey former steward's house with attic storey, built c. 1770, now in use as private house. Pitched artificial slate roof with half-hip to south gable and having rendered chimneystacks. Lined-and-ruled rendered walls with projecting render plinth. Square-headed window openings with decorative render cornices and limestone sills. Timber sash one-over-one pane windows to rear and upper floors of south gable with some dormers to rear, and having replacement uPVC windows to front. Timber panelled door with overhead and dressed limestone plinth stones and steps.
DPS601	Townfields outbuildings'	Detached nine-bay single-storey stables with lofts, built c.1820. Pitched slate roof with overhanging dressed stone eaves and dressed stone copings. Rubble limestone walls having dressed limestone quoins, diamond-shaped brick ventilator below eaves and slit windows. Square-headed windows with limestone voussoirs and lintels. Segmental-headed carriage arch openings with limestone voussoirs. Wrought-iron tie rods. Dovecote to gable.
DPS602	Townfields outbuildings'	Gable-fronted three-bay two-storey warehouse, built c. 1870. Pitched slate roof with carved timber bargeboards. Sneaked rubble limestone gable to road, with rubble limestone elsewhere with remains of lime render. Segmental-arched window openings with some brick surrounds and some matchboard external shutters. Timber matchboard pitching door to first floor. Pair of gable-fronted concrete-built warehouses to east.
DPS603	Townfields house'	Detached four-bay two-storey house, built c. 1820, having single-bay single-storey addition to the east and accessed from rear through carriage arch in boundary wall. Pitched slate roof with rendered chimneystacks. Rendered walls. Small one-over-one pane timber sash windows. Traceried pointed window with limestone sill and decorative render lintel to single storey addition.

	Townland	Structure Name	Description
DPS604	Townfields	pair of houses'	Pair of two- and three-bay two-storey houses, built c. 1870. Pitched slate roof with terracotta ridge cappings, rendered chimneystacks and terracotta chimney pots. Roughcast rendered walls. Timber sash one-over-one pane windows with stone sills. Timber matchboard and glazed matchboard doors with stone plinths to jambs. Lean-to extension and outbuilding to rear.
DPS605	Townfields	house'	Detached five-bay two-storey house, built c. 1900, with projecting gabled porch to front and single-storey extension to rear. Pitched slate roof with rendered chimneystack. Lined-and-ruled rendered walls. Square-headed two-over-two pane timber sash windows with stone sills. Segmental-headed door opening with overlight, sidelights and replacement door. Drystone walls with rendered piers and cast-iron gate to front boundary.
DPS606	Ballynakill	Ballynakill Castle	Castle - now in ruins
DPS607	Ballyhenry	Saint Burchin's Church of Ireland Church	Detached single-cell church, built 1814, having three-bay nave elevation, three-stage tower to west end and single-bay gabled vestry to north-east, the latter recently extended. Pitched artificial slate roofs and rendered chimney. Exposed sandstone rubble walls having roughly-dressed quoins and corner pilaster buttresses to tower, topped with pyramidal pinnacles. Pointed-arched openings with sandstone quoins and sills and traceried windows having coloured glass. Louvred pointed-arched openings to tower. Pointed-arched door opening in tower, with chamfered ashlar sandstone surround, replacement timber double doors and coloured glass overlight. Square-headed door to sacristy accessed by flight of steps. Trussed braced timber roof to interior. Graveyard to site. Rendered plinth with cast-iron railings and gates to site boundary.
DPS608	Ballyhenry	Glebe House	Detached three-bay two-storey over basement former glebe house, built 1814, now in use as private house, with lean-to porches to front and rear. Hipped slate roof with rendered chimneystacks. Lined-and-ruled rendered walls. Square-headed openings having timber sash windows, one double sash and round-headed sash to rear, all six-over-six pane except for some one-over-one pane to rear and three-over-three pane to south gable, and some timber casement, all with cut stone sills. Timber panelled main entrance door approached by limestone steps and has decorative cast-iron bootscraper. Single- and two-storey outbuildings to site with pitched slate and monopitch corrugated-iron roofs.

	Townland	Structure Name	Description
DPS609	Rockforest	Knock Roman Catholic Chapel	Detached gable-fronted church with three-bay side elevations, built 1877, having sacristy to east end and belfry to west. Pitched artificial slate roof with rendered chimney to sacristy and sandstone cross finials to gables. Sneked limestone and sandstone front gable with ashlar sandstone quoins, barges, roughcast elsewhere. Pointed-arched openings, those to front, including belfry, having surrounds of alternate limestone and sandstone blocks. Ashlar sandstone block-and-start surround to sacristy window. Replacement windows with stained glass, and matchboard double doors. Interior has timber A-framed roof and has gallery over entrance end. Stoup to front gable. Rendered walls and piers to site boundary.
DPS610	Castletown (Portore)	Glebe House	Detached two-storey with basement former glebe house with three-bay side elevations, built c. 1820, now in use as house and with recent single-storey addition to south-east elevation. Hipped artificial slate roof with rendered chimneystacks and cast-iron rainwater goods. Roughcast rendered walls with square-headed openings having six-over-six pane timber sash windows, with three-over-three pane to addition, some two-over-two pane to basement, eight-over-eight and six-over-six to rear, all with stone sills, barred to basement. Round-headed door opening with timber panelled door, spoked fanlight and stone step. Former stable block to south-east with pitched artificial slate roof, roughcast rendered walls, square-headed windows, segmental-headed integral carriage arch with timber battened double doors and round-headed doorway with cobweb fanlight in recessed surround
DPS611	Castletown (Portore)	former school'	Detached two-bay single-storey with attic former school, built c. 1820, with projecting gabled porch. Now in use as house. Pitched slate roofs with rendered chimneystacks. Roughcast rendered walls with square-headed openings having stone sills, ouble six-over-six pane timber sash windows to front and replacement uPVC windows to gables. Triangular window inserted in east gable. Pointed-arched entrance with stone step and timber herringbone matchboard door.
DPS612	Castletown (Portore)	postbox'	Cast-iron post box, c. 1880, with royal insignia of Queen Victoria and crown motif, set in rubble boundary wall.
DPS613	Castletown (Portore)	Castletown Church	Freestanding church with three-stage tower and spire, built c. 1860, now in use as house. Pitched slate roof with rooflights inserted. Ashlar limestone to octagonal spire springing from square upper stage of tower. Ashlar limestone walls with string courses. Graveyard to site.

Townland	Structure Name	Description
DPS614	Castletown (Portore) mausoleum'	Detached mausoleum, built c. 1830, on a box plan. Stands at north end of graveyard. Decorative stepped pitched limestone roof with ornamental blind dormers. Ashlar limestone walls having cornice and plinth. Four-centred arched opening with hood moulding, now sealed with concrete.
DPS615	Castletown (Portore) Castletown Bridge	Rubble stone bridge with carved/engraved 'milestone'
DPS616	Castletown (Portore) church'	Ruins of church and graveyard
DPS617	Shesharoe Presbytery	Detached three-bay two-storey former presbytery, built c. 1880, with elaborate flat-roofed front porch, canted bay window to north-east gable and gabled and lean-to single- and two-storey extensions to north-west elevation. Now in use as private house. Hipped artificial slate roof with paired timber eaves brackets and rendered chimneystacks. Smooth-rendered walls with rock faced limestone quoins. Square-headed openings with moulded render surrounds, cut stone sills and one-over-one pane timber sash windows. Porch has three-bay elevation with margined fixed timber windows separated by pilasters, with panels below, moulded cornice, double panelled timber doors in one side elevation and window in other, both flanked by pilasters. Square-headed openings to porch with fixed timber windows having stone sills and timber panelled door having stone step all flanked by render pilasters with render architrave, frieze and cornice above. Outbuilding to north-west with pitched artificial slate roof and rubble walls.
DPS618	Cloneygowny house'	Detached four-bay single-storey house, built c. 1800, with projecting gable-fronted porch and with lower single-bay addition to north-west gable. Pitched artificial slate roof with rendered chimneystacks and carved timber bargeboards to gables. Roughcast rendered walls with render plinth. Square-headed openings with one-over-one pane timber sash windows and stone sills. Timber panelled door. Outbuilding to south-east with pitched slate roof, roughcast rendered walls and square-headed openings having timber windows and timber matchboard doors. Rubble boundary walls with cast-iron railings.
DPS619	Garrykennedy house'	Detached five-bay single-storey former school, dated 1875, with lower gabled porch and recent three-bay single-storey flat roofed rear return. Pitched slate roofs with rendered chimneystacks and cast-iron roof vents. Lined-and-ruled rendered walls with square-headed openings having stone sills and replacement timber windows and with stone plaque to porch gable. Replacement timber door and overlight. Remains of squared stone toilet block to north-east with cut stone walls. Rendered walls to road boundary.

Townland	Structure Name	Description
DPS620	Garrykennedy Saint Mary's Roman Catholic Church	ted church, built 1872, with bellcote over front and five-bay nave with lower three-bay single-storey sacristy to south-west corner. Pitched slate roof with cut stone cross finials and bellcote to north-west gable and cut stone cross finial and chimney to sacristy. Rock-faced limestone walls with cut limestone diagonal buttresses to front elevation, sandstone quoins to south elevation and cut limestone quoins and barges to sacristy. Triple lancet stained glass windows to front elevation having chamfered limestone surrounds and hood moulding. Pointed-arched windows to other elevations with diamond glazed windows having chamfered sandstone surrounds. Sacristy has triple lancet windows with chamfered limestone surrounds. Pointed-arched main entrance to church with timber matchboard double doors and overlight in carved limestone doorcase with hood moulding and block-and-start surround. Sacristy has pointed and flat-headed doorways with chamfered limestone surrounds. Open timber arched braced roof to interior of church. Graveyard to site.
DPS621	Garrykennedy former RIC Barracks'	Detached three-bay two-storey former RIC barracks, built c. 1830, now in use as house. Hipped artificial slate roof with eaves brackets and rendered chimneystacks. Rendered walls with square-headed openings having stone sills and replacement uPVC windows. Segmental-headed door opening with timber panelled door and overlight. Cast-iron and timber fence to front boundary.
DPS622	Garrykennedy Portroe National School	Detached multiple-bay single-storey school, dated 1971, with gable-fronted projecting bays to front elevation. Pitched pantile roofs with rendered chimneystacks. Brick walls with render buttresses and stone date plaque. Square-headed openings with timber windows and render surrounds, Square-headed openings with recessed timber panelled doors. Rendered walls with cast-iron gates to road boundary.
DPS623	Townlough Lower Laghtea House	Five bay, two storey house. Hipped slate roof, timber sash windows, wet dash render. Single storey flat roof porch to front elevation
DPS624	Derry Demesne walled garden and outbuildings'	Remains of walled garden and outbuildings associated with Derry Demesne House (now demolished)
DPS625	Derry Demesne Derry Castle	Rubble limestone tower house in ruins on island just off shore line. Stone causeway leading to island - only accessible when water levels are low
DPS626	Derry Demesne Derry Quay	Inland harbour with coursed dressed limestone quay walls. Originally associated with the Killaloe Slate Quarries.

Townland	Structure Name	Description	
DPS627	Derry Demesne	entrance and gate lodge	Entrance gateway to now demolished Derry Castle, erected c1840, comprising ornate cast-iron vehicular and pedestrian gates with carved limestone plinths and panelled carved limestone piers with decorative barrel-shaped caps. T-plan three-bay single-storey former gate lodge, extended to rear, with pitched artificial slate roof, rendered walls with recessed panel to south gable, shouldered carved limestone doorcase with carved coat of arms and replacement timber door and uPVC windows. Walled garden and some outbuildings a mile to north-east are other remnants of the buildings of Derry Demesne.
DPS628	Carrawbane	Curraghbawn House	Detached two-storey house, comprising main block, built c. 1910, with four-bay front elevation with projecting south-most bay with canted bay windows, and with projecting flat-roofed porch; two-bay south elevation with canted bay; lower block of c. 1875 continuing south elevation; and two blocks at right angles to north side of main block. Recent single-storey extensions to south and west elevations. Hipped roofs to main and earlier blocks with some gablets and pitched slate roofs elsewhere, with rendered chimneystacks and with cornice to porch. Lined-and-ruled and roughcast rendered walls with render plinth and with string course to main block. Timber casement windows to main block and one-over-one pane timber sash windows, some two-over-two pane timbers sash to addition and some casements double and tripartite elsewhere, with cut limestone sills. Timber panelled entrance door with overlight. Glazed timber door in canted bay of south elevation. Outbuilding with hipped slate roof, coursed rubble wall, segmental-arched carriage openings and flat-headed window and door openings, all with timber matchboard
DPS629	Monroe (Newtown)	former church'	Detached three-bay two-storey former school, built c. 1820, converted to Church of Ireland church and gabled entrance porch and chancel added in 1841 and with recent three-bay dormered extension. Now in use as private house. Hipped artificial slate roof with rendered chimneystack. Rubble sandstone walls to front, with dressed quoins and roughcast rendered elsewhere. Date plaque to front wall. Pointed-arched windows to ground and square to first floor, with dressed voussoirs, having replacement uPVC windows and with one timber sash to rear. Pointed-arched door opening with timber matchboard double doors approached by steps. Rubble walls and piers to road boundary.
DPS630	Monroe (Newtown)	gates & entrance'	Limestone rubble walls and piers with wheel guards, built c. 1820, with vehicular entrance flanked by pedestrian entrances, with decorative cast-iron gates.

Townland	Structure Name	Description	
DPS631	Monroe (Newtown)	Youghalarra Church	Detached cruciform-plan gable-fronted church, built 1832, with three-bay side elevation to nave, single-bay transepts and with recent single-storey flat-roofed sacristy to north elevation. Traces of former altar area projection in north wall. Pitched slate roofs. Exposed coursed rubble limestone walls with dressed quoins and partly having render plinth. Pointed-arch window openings with cut limestone voussoirs. Y-tracery to metal nave and south end windows, stained glass to transepts and altar end. Slightly ogee-arched side doorways to transepts with cut limestone voussoirs and pointed main doorway in rendered walling, all with replacement timber double doors. Limestone stoup with carved head to east transept doorway. Limestone date plaque to east wall of nave. Rubble limestone walls with metal gates to site boundary.
DPS632	Monroe (Newtown)	Youghalarra National School	Detached T-plan gable-fronted three-bay single-storey school, built 1931, with flat-roofed single-storey extension to rear. Pitched slate roofs with brick chimneystacks, cast-iron rainwater goods and cast-iron roof vent. Rendered walls with plaque to front gable. Square-headed openings with four-over-four and six-over-six pane timber sash windows to front, six-over-nine pane to gablese, blocked to rear, with painted sills. Timber matchboard doors. Rubble stone walls with metal gates to site boundary.
DPS633	Monroe (Newtown)	gates & entrance'	Entrance to house comprising square-plan cut limestone piers with panelled faces, and quadrant walls with limestone and concrete plinth having decorative cast-iron railings and gates, built c. 1860. Rendered wall connects gateway to field gate to east comprising similar piers cut limestone piers. Marble plaque addition to pier.
DPS634	Wellington	Nenagh Bridge	Four-arch stone bridge built c. 1725, carrying road traffic over Nenagh River, now disused and bypassed by new road to east. Two round-headed central arches flanked by lower segmental arches. Triangular cutwaters to south. Roughly-dressed cutwaters and voussoirs, limestone rubble elevations and limestone block and rubble parapet walls topped with concrete course.
DPS635	Pallas More	house'	Three bay, wo storey dwelling with two storey return. Singel storey flat roof porch to front elevation. Singel storey attached outbuildings
DPS636	Gortakilla	house'	Detached five-bay two-storey house with attic storey, built c. 1780, with later extension to rear. Pitched slate roof with rendered chimneystacks and with rooflight to rear. Exposed stone walls. Square-headed openings with brick surrounds and replacement timber windows and door, latter in slightly segmental opening. Two-phase outbuilding with stone walls and pitched slate roof to north of house with segmental carriage arch and vent loops. Stone walls and piers to yard entrance, rendered walls and piers to garden entrance.

	Townland	Structure Name	Description
DPS637	Fatthen	Fatthen House	Three bay, two storey dwelling with two storey nays to front and side elevations. Hipped slate roof. Timber sash windows
DPS638	Kilcolman	Kilcolman House	Three bay, single storey dwelling with single storey bays to front elevation. Timber sash windows. Cloumned portico to central doorcase. Brick chimney stacks. Stone outbuildings to rear.
DPS639	Lahesseragh	Ballintogher House	Three bay, three storey dwelling with two storey addition to side and adjoining storey and a half outbuildings. Singel storey bays to central doorcase with eliptical fan light
DPS640	Ballyhogan	Ballyhogan Church	Detached T-plan single-storey church, built 1833, with two-bay elevations to nave, having entrance porches to north and south transepts, recent flat-roofed extensions to east and west, and with freestanding bell tower. Pitched artificial slate roofs. Roughcast and smooth rendered walls. Pointed-arched openings having replacement and stained glass windows. Square-headed openings having replacement doors. Bell tower of rendered masonry with stepped concrete base and gabled top. Rendered walls and piers to site boundary.
DPS641	Killowney Little	Hermitage	Detached former country house, built c.1770, with three-bay two-storey over half-basement front façade and five-bay rear façade. Now in use as private house and undergoing renovations. Hipped slate roof with rendered chimneystacks. Square-headed openings with timber sash windows, six-over-six pane with three-over-three to basement, with cut limestone sills except for rear of basement. Elliptical-headed door opening with timber panelled door, fanlight and sash sidelights. Flight of stone steps up to door. Outbuildings to site. Three-bay lodge to site entrance with advanced central bay, hipped slate roof, rendered roughly-dressed limestone walls.
DPS642	Cloonmore	Saint Michael's Church of Ireland Church	Detached single-cell church with four-bay elevations to nave, vestry to north, and two-stage tower to west, built 1815, now a ruin. Roofless, with crenellations and pinnacles to tower. Rendered walls with dressed limestone diagonal buttresses to corners, string courses to tower, and pilaster buttresses to south elevation of nave. Pointed-arched window openings with Y-tracery, hood mouldings and stone sills. Pointed-arched louvred and square-headed window openings in tower, latter with triple casement lights, with hood and label mouldings. Pointed-arched door opening to tower with cut limestone clustered jambs, imposts and timber battened double doors and overdoor. Graveyard to site, bounded by stone wall with dressed stone piers and cast-iron gates.
DPS643	Lisnamoe	bridge'	Three-arch stone bridge. Roughly-dressed voussoirs, limestone rubble elevations and limestone block and rubble parapet walls.

Townland	Structure Name	Description
DPS644	Islandbawn Liffey Mills	Formerly detached eight-bay four-storey former mill, built c. 1820, now in use as drying store, with four-bay extension to south and recent steel-clad extensions to gables. Pitched roof. Broken coursed limestone walls. Square-headed openings having double timber sash windows and boarded up door openings, with brick surrounds. Large door openings inserted, with concrete surrounds. Retains interior features.
DPS645	Tyone Tyone Bridge	Triple-arch bridge carrying road over Nenagh River, built c. 1830, with segmental-headed arches and with triangular cutwaters to south. Rusticated limestone walls and parapet with dressed limestone coping, string course, cutwaters and voussoirs and with pilasters to ends of bridge. Some brick repairs to soffits.
DPS646	Ballygraique house	Formerly detached four-bay two-storey house, built c. 1800, with flat-roofed bow-fronted porch to front, connected with recent extensions to outbuildings. Pitched artificial slate roof with rendered chimneystacks. Pebbledashed walls with render plat bands and plinth. Dentil course to porch. Square-headed openings with replacement uPVC windows. Fixed windows and replacement door to porch. Single-storey pitched outbuildings to site. Decoratively-rendered walls and piers to site boundary.
DPS647	Ballygasheen house	Three bay, two storey dwellign with hipped slate roof and two storey return to rear. Replacement uPVC windows. Reliquous statues attached to side of dwelling
DPS648	Kilkeary house	Detached three-bay two-storey house, built c. 1915, with gablet over central bay and with single-storey bay addition with dormer window to east and single-storey extensions, one recent, to rear. Hipped slate roofs with brick chimneystacks and finial to and carved bargeboard to gablet. Pebbledashed walls with render plat bands, plinth and channelled quoins. Round-headed opening with keystone over entrance and square-headed elsewhere, with timber sash windows, one-over-one pane to front and two-over-two pane to rear, all with moulded render surrounds and with cornices to ground floor. Timber panelled door having overlight, sidelights and decorative render surround. Outbuildings to yard to east and round-profile dressed limestone piers with wrought-iron gates.
DPS649	Kilkeary Kilkeary National School	Detached six-bay single-storey school built 1949, with clerestorey and lower flat-roofed block to rear, with entrance porches at north-east and north-west angles. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls with render plinth. Square-headed openings with six-over-six pane timber sash and some replacement uPVC windows and timber doors. Rendered walls with stiles and metal gates to site boundary.

Townland	Structure Name	Description
DPS650	Grennanstown Grennanstown House	Detached six-bay two-storey over half basement house, built c. 1800, but incorporating fabric of late-seventeenth century house. Two-bay breakfront with three-bay entrance porch with flat roof and rendered brick walls, now disused. Pitched slate roof, partly collapsed, with rendered chimneystacks. Rendered walls with render quoins. Square-headed window openings to main block and porch, with moulded render surrounds, with one-over-one pane timber sash windows. Square-headed door opening with evidence of removed block-and-start doorcase. Single-storey outbuildings to site with segmental-headed openings.
DPS651	Grennanstown Church of Saint Joseph Roman Catholic Church	Detached T-plan gable-fronted church, built 1845, with recent glazed porch, with sacristy addition to north-east corner and recent boiler room with chimney to east. Pitched slate roofs with carved limestone cross finial over main entrance. Roughcast rendered walls with rendered quoins. Pointed-arched openings with replacement uPVC windows. Stained glass triple light to altar end. Elliptical-headed door opening with spoked fanlight and replacement timber double main and transept doors, the latter slightly pointed and with blind fanlights. Collared truss roof and corinthian columns flanking altar recess. Graveyard around building. Rendered walls and piers to site boundary.
DPS652	Lisduff Lisduff House	Detached five-bay two-storey house, built c. 1800, with balustraded breakfront with brick roundels and lower two-storey return to rear. Hipped slate roof with rendered chimneystacks. Exposed limestone rubble front and gable walls with dressed quoins and rendered to rear and return. Square-headed brick-arched window openings to first floor with mullioned timber sash windows with trefoil-headed lights, four-light over entrance flanked by three-lights, with seven-lights to ground floor, latter also having trefoil-headed overlights, and all set into flattish segmental-arched recesses with stone sills and brick jambs. Replacement uPVC windows to rear and blocked openings to east gable. Round-headed door opening with brick voussoirs flanked by blind niches and having timber panelled door with ornate spoked fanlight, having limestone steps. Single-storey and lofted outbuildings to rear, one with carriage arch having dressed stone voussoirs. Derelict two-bay two-storey lodge has pitched slate roof, rendered walls and square-headed openings.

Townland	Structure Name	Description
DPS653	Coolkereen River Glebe House	Detached former L-plan rectory, built c. 1820, comprising three-bay two-storey front elevation and two-bay two-storey over half-basement elsewhere, with lower two-bay two-storey monopitched and flat-roofed entrance block added to front. Now in use as private house. Hipped slate roofs with rendered chimneystacks with limestone copings. Roughcast rendered walls. Square-headed timber sash windows, six-over-six pane, with three-over-three to first floor of front, with limestone sills. Round-headed window to east elevation, and rear ground floor windows lengthened. Replacement timber door in recessed doorway with ornate fanlight and limestone steps. Rubble limestone outbuildings, that to south with hipped slate roof, that to west with pitched slate roof, dressed quoins and surrounds and voussoirs to openings. Gate lodge with hexagonal plan and fishscale slate roof, and decorative cast-iron railings, piers and gates to site.
DPS654	Castlequarter house'	Detached L-plan three-bay two-storey house, built c. 1915, with later extension to south. Hipped slate roof with cast-iron ridge tiles and rendered chimneystacks. Lined-and-ruled rendered walls with render quoins. Square-headed openings with one-over-one pane timber sash windows, tripartite to ground floor, with limestone sills. Segmental-headed render door surround, with render pilasters archivolt with keystone and square-headed door opening with panelled door having overlight and coloured glass sidelights. Rendered wall and piers to site with wrought-iron gate
DPS655	Coolkereen Josie Moloney's	Corner-sited end-of-terrace former pair of three-bay two-storey houses, built c. 1830, now also in use as public house. Pitched slate roof having rendered chimneystacks. Lined-and-ruled rendered walls with render quoins. Square-headed two-over-two pane timber sash windows with limestone sills. Replacement doors and pubfront.
DPS656	Coolkereen Church of Ireland	Detached church, built c. 1810, having two-stage entrance tower to the west, three-bay nave and with vestry to north-east. Now disused. Pitched slate roofs, with crenellations and pinnacles to tower and with cut limestone finials to gables. Rendered walls having limestone quoins and plinth and with stringcourses to tower. Snecked limestone rubble with chamfered dressed quoins to second stage of tower. Lancet and pointed-arched window openings with timber sash fifteen-over-fifteen pane windows, those to centre bays having Y-tracery and double timber sash windows, all having cut limestone sills, hood mouldings and chamfered surrounds. Y-tracery and stained glass to east window. Four-centred arched opening in tower with decorative timber panelled door in chamfered surround with label moulding. Graveyard around church. Carved limestone piers with decorative cast-iron gates to site boundary.

	Townland	Structure Name	Description
DPS657	Ballynanagh	Presbytery	Detached three-bay two-storey presbytery, built c. 1875, with two-storey flat-roofed addition to rear and later entrance porch to front. Steeply-hipped slate roof having cast-iron cresting and rendered chimneystacks. Rendered walls with niche with religious statue set in west elevation. Square-headed window openings with replacement uPVC windows with stone sills. Replacement door.
DPS658	Aghnameadle	Aghnameadle Bridge	Triple-arched rubble limestone bridge, built c. 1780, carrying road over Ollatrim River. Segmental arched with dressed voussoirs, coping, and with V-cutwaters to east.
DPS659	Honeymount	Honeymount House	Three bay, two storey dwelling with L-plan two storey return to the rear. Hipped slate roof. Timber sash windows. Single storey porch to front, single storey bay to side. Stone outbuildings. Lodge to southern entrance and derelict stone lodge (with gothic style windows) to northern entrance.
DPS660	Summerhill	Holywell Mill	Detached four-bay three-storey former mill, built c. 1780, now derelict. Remains of pitched slate roof. Limestone rubble walls. Square-headed window openings with roughly-dressed stone lintels. Square-headed doorway with roughly-dressed stone voussoirs. Recently renovated
DPS661	Mount Frisco	St Cronans National School	Detached four-bay single-storey former school, built c. 1890, with single-bay single-storey entrance porches to north and south gables. Now disused. Hipped slate roof with dressed limestone chimneystack. Pitched slate roofs to entrance porches. Roughcast rendered walls, with limestone plaque to front wall. Square-headed openings, some having surviving double nine-over-nine pane timber sash windows, with limestone sills. Timber matchboard doors. Braced collared rafter roof.
DPS662	Clonakenny	Rourkes	Formerly detached three-bay two-storey former house with gablets to partly-dormer upper windows, built c. 1870, with three-bay single-storey extension to south, and incorporating neighbouring two-storey house to north. Flat-roofed entrance porch with render cornice to front. Pitched slate roof with rendered chimneystacks. Lined-and-ruled rendered walls with quoins and plinth. Elliptical-headed and some square-headed one-over-one pane timber sash windows with decorative render surrounds. Square-headed glazed timber door with decorative render surround.

Townland	Structure Name	Description
DPS663 Clonakenny	St Brigid's Roman Catholic Church	Detached gable-fronted church, built 1899, having six-bay nave with side porch to south, single-bay chancel, sacristy to north-west, extended c. 1981 and belfry to east gable. Pitched slate and artificial slate roofs with carved stone crosses and cut stone copings. Pebbledashed walls to nave and smooth rendered to chancel, having brick quoins and surrounds to round-headed openings. Limestone plaque at side porch. Rock-faced limestone bellcote with round-arched bell opening and carved cross finial. Stained and coloured glass windows and timber matchboard doors. Open timber collared arched-brace roof. Sandstone rubble boundary walls with rock-faced limestone piers and decorative cast-iron gates.
DPS664 Mien	Garrets Mill	Detached three-bay two-storey former mill, built c. 1800, now in use as outbuilding. Pitched slate roof. Rubble limestone walls with dressed quoins, eaves course and surrounds to openings. Square-headed openings with fixed timber windows having stone sills and glazed timber door with stone lintel.
DPS665 Skehanagh	Skehanagh House	Detached L-plan two-storey house, built c. 1920, with three-bay front and five-bay return elevations, canted end bays and glazed timber entrance porch to front façade. Hipped slate roof with terracotta ridge tiles with finials and with brick chimneystacks. Roughcast rendered walls with decorative render quoins and platbands. Square-headed one-over-one pane timber sash windows with decorative render surrounds and continuous sill courses, central window to upper storey of front having triangular pediment and those of side elevations having label mouldings. Square-headed main door opening having timber panelled double doors with sidelight and overlight and with timber glazed panelled outer door with steps. Outbuildings to yard to north. Gate lodge built c. 1940 with pitched artificial slate roof with terracotta ridge cresting, brick chimneystacks and square-headed openings with label mouldings. Rendered dressed limestone piers having wheel guards and decorative cast-iron railings to entrance to east.
DPS666 Killough	lodge'	Detached three-bay single-storey former gate lodge, built c. 1880, with attic storey, having lower gabled single-storey extension to north gable and gabled porch to front. Pitched pantile roofs with brick chimneystack and replacement carved timber bargeboards having timber finials. Rubble sandstone walls with dressed limestone quoins. Square-headed openings with brick surrounds, having two-over-two pane timber sash windows with stone sills and replacement timber half door. Sandstone wall to rear yard. Rendered piers and walls to west.

Townland	Structure Name	Description
DPS667	Killough house'	Detached formerly L-plan single-storey with dormer attic cottage ornée, built 1880, with three-bay main block, extended to east to form a U-plan in 1887, with projecting stepped-plan porch to west gable, projecting bay windows and later entrance porch to north and single-storey monopitch outbuilding to north. Steeply-pitched tile roofs with dressed limestone and brick chimneystacks and decorative eaves and bargeboards, latter having finials. Roughly-dressed limestone walls having decorative render imitation half-timbering to gables, that to west having date and terracotta tiles to upper south and west façades. Square-headed openings with replacement timber and some one-over-one pane timber sash windows and with timber panelled double doors and with timber lattice windows to porches. Multiple-bay single-storey L-plan outbuilding to north with hipped tiled roofs, rendered walls and square-headed openings. Masonry piers and walls to yard entrance with cut stone caps with ball finials, and rendered piers and walls to site boundary.
DPS668	Cullenagh Lakeside House	Detached L-plan seven-bay two-storey house, built c. 1885, having projecting canted bay to south-east, double-height flat-roofed entrance porch to north-west and single-storey flat-roofed extension to north-east. Hipped slate roofs having brick chimneystacks and carved timber brackets to eaves. Rendered walls with render quoins. One-over-one pane timber sash windows and glazed timber door.
DPS669	Cullenagh Station House	Detached two-bay two-storey former station master's house, built c. 1860, now substantially extended in all directions and in use as private house. Pitched artificial slate roofs with rendered chimneystacks, replacement bargeboards and finials, and moulded eaves course. Red brick walls with limestone ashlar quoins and moulded brick string course. Square-headed replacement uPVC windows. Red brick piers to entrance.
DPS670	Cullenagh Galloping Hogans	Detached nine-bay single-storey former railway station, built c. 1860, with projecting five-bay block and subsidiary blocks to east and west, now with dormer storey and in use as restaurant. Pitched slate and artificial slate roofs with timber bargeboards and ashlar limestone chimneystack. Snecked rubble limestone walls having limestone ashlar quoins. Square-headed replacement timber windows with brick surrounds. Canted bay window to south-east gable.
DPS671	Ballina Ferns Hollow	Detached multiple-bay three-storey house, built c. 1830, with subsidiary blocks to the north. Hipped slate roof with rendered chimneystacks. Coursed rubble sandstone walls with dressed sandstone quoins. Square-headed timber sash windows and one round-headed to rear elevation, two-over-two pane to ground and second floors and six-over-six pane to first floor. Outbuildings to site. Stone walls and piers to site with wrought iron gates flanked by pair of mature trees.

	Townland	Structure Name	Description
DPS672	Cullenagh	Killaloe Bridge	Thirteen-arch road bridge over River Shannon, built c. 1770. Comprising five segmental arches to west, built c. 1780, with seven wider and higher segmental arches to the east, replaced 1843, with lifting bridge between the fourth and fifth of these, added 1929. Five central arches had been rebuilt 1825. Six pedestrian refuges to north and south parapets walls of west end of bridge, and triangular cutwaters to south side. Rubble limestone and ashlar walls and parapets with roughly dressed coping. Ashlar limestone cutwaters and voussoirs. Commemorative plaque to partial rebuilding of 1825 and ornate IRA monument to north parapet.
DPS673	Ballina	post box'	Wall-mounted cast-iron post box, erected c. 1940, with P & T insignia.
DPS674	Ballina	Church of Our Lady and Saint Lua	Detached cruciform plan gable-fronted church, built c. 1845, with three-bay entrance gable, two-bay nave and chamfered re-entrant corners, having limestone bellcote to chancel with cross finial and single-storey sacristy to east end. Pitched copper sheet roofs. Sandstone rubble walls and with snecked limestone walls to west end. Pointed-arched openings with stained glass windows and replacement doors. Retains interior features.Graveyard to site.
DPS675	Ballina	Parochial House	Three Bay, two storey house with single storey bays flanking central doorcase with eleptical fan light. Arched central window at first floor level. Replacement PVC windows
DPS676	Ballina	house'	Three bay, two storey house on main street with elliptical fan light over door
DPS677	Garrynatineel	Garryneal	Dormer dwelling with central gable breakfront. Steep pitched roof with one dormer window
DPS678	Garrynatineel	Gortna House	Two storey dwelling house with later attic addition with mansard roof. Red brick with rubble stone. Single storey porch to central front.
DPS679	Garrynatineel	Fort Henry	Two storey, multiple bay dwelling. Rubble stone with brick to windows. Double height bay to Shannon elevation. Extensive outbuildings with thatched cottage in the grounds adjoining walled garden
DPS680	Garrynatineel	Fort Henry Lodge	Single storey, three bay lodge house with coursed stone. Pitched slate roof with red ridge tiles. Return to rear. Stoen lintol and cill. Reecently renovated.
DPS681	Gortnaskehy	Bushfield House	Three bay, two storey dwelling. Extensive stone outbuildings with cobbled yard
DPS682	Coolnadornory	Coola House	Five bay, two storey dwelling with stone outbuilding
DPS683	Coolnadornory	Coola Level Crossing	Level Crossing for a former/dismantled railway line
DPS684	Coolnadornory	house'	Cottage style dwelling associated with the now dismantled railway line and level crossing.
DPS685	Curraheen (Shallee)	house'	Three bay, two storey dwelling with hipped slate roof. Single storey, flat roof, porch. Stone outbuildings to rear of dwelling

	Townland	Structure Name	Description
DPS686	Shallee	Shallee Mine	Ruins of detached multiple-bay three-storey former engine house with chimney, c. 1900. Roof gone. Rubble limestone walls, square-headed openings. Two-stage chimney with polychrome brick walls and decorative coping. Former mine structures, built c. 1975, now disused. Mass concrete walls. Detached four-bay two-storey house, built c. 1900, now disused. Pitched slate roof. Rendered walls. Square-headed window openings with decorative render surrounds, round-headed door opening with spoked fanlight and decorative render surround. Single-storey stone outbuildings to site with pitched corrugated-iron roofs and square-headed openings.
DPS687	Ballygowan South	water pump'	Cast-iron water hydrant, c. 1870, with a fluted shaft and cap, banded neck and acorn finial.
DPS688	Cloonanagh	Our Lady of Lourdes Roman Catholic Church	Detached cruciform plan gable-fronted church, built c. 1975, having three-bay entrance elevation with belfry, six-bay nave elevation, and single-storey sacristy and domed semi-circular apse. Pitched slate roofs with metal-clad roof to apse and with pebbledashed chimneystack. Pebbledashed and sandstone clad walls. Paired stained glass lancet windows and with gabled dormer windows to entrance block. Round arched door openings with timber matchboard double doors. Pointed-arched concrete ribs to roof. Sandstone walls and metal gates to site boundary
DPS689	Ballygowan South	Silvermines Cottage	Detached three-bay two-storey former mine manager's house, built c. 1850, with two-storey return and single-storey gabled and lean-to extensions. Now in use as private house. Hipped slate roofs with rendered chimneystacks and cast-iron rainwater goods. Lined-and-ruled rendered walls with render quoins and render plinth. Square-headed two-over-two pane timber sash windows with stone sills. Round-headed door opening with timber panelled door with panelled pilasters and fanlight. Sandstone rubble walls with square piers surmounted by carved lions.
DPS690	Ballygowan South	engine house'	Ruins of two-bay multiple-storey square-plan engine house, built c. 1880 having no roof, rubble walls and round-headed openings with brick voussoirs. Ruins of zinc oxide furnace and engine house to west.
DPS691	Ballynaclogh	Debsborough House	Extensive courtyard of stone buildings with cut stone voussoirs to carriage arches. Cast iron gutter with date stamp 1864
DPS692	Ballynaclogh	bridge	Four-arch humpback limestone road bridge over Nenagh River, north-east-most arch serving millrace, built c1700 and widened c1750. Comprises segmental arches to north-west elevation with roughly-dressed voussoirs and variously round, slightly-pointed round and pointed segmental arches to south-east elevation. Rubble parapets, having three V-plan refuges to south-west side on V-plan cutwaters. Straight joint to underside of bridge is evidence of widening towards north-west.

	Townland	Structure Name	Description
DPS693	Ballynaclogh	mill'	derelict & ruinous corn mill. Mill race operational
DPS694	Ballynaclogh	entrance and gates'	stone piers and cast iron gates with carriage stone. Entrance to the former Debsborough House
DPS695	Mountisland	Brindley Bridge	Single-arched road bridge over River Dolla, built c. 1880. Rubble limestone walls with roughly-dressed rectangular-profile limestone piers having cut stone caps and with cast-iron railings to parapet.
DPS696	Cloghonan	Castle Ottway	Detached seven-bay two-storey over half-basement country house with three-bay pedimented breakfront, built c. 1750, and having four- and- five-storey medieval towerhouse rebuilt in nineteenth-century with three-storey elevations, with turret, to rear. Now in ruins. Roofless, with rendered brick chimneystacks to house and multiple offset limestone stack to towerhouse. Castellations, machicolations and corbel tables to towerhouse. Roughly-dressed limestone walls, slate hung to rear and south-west gable, with brick eaves course and ashlar quoins and plinth. Square-headed openings with limestone voussoirs and sills. Pointed-arch openings, some blocked, with ashlar limestone voussoirs and keystones and limestone sills to tower. Square-headed opening to entrance with carved limestone engaged Doric columns, entablature and pediment. Remains of limestone steps leading to entrance. Castellated walls with alternating round and rectangular openings having integral carriage-arch and with castellated mock gatehouse to south-west. Multiple-bay single-storey outbuildings to south-east.
DPS697	Blakefield	Gortagarry Roman Catholic Church	Detached T-plan gable-fronted church, built 1843, with two-bay side elevations to nave, and single-bay transepts. Pitched slate roofs with cross finial to entrance front. Roughcast rendered walls with render plinth and with limestone date stone to north-west gable. Triangular-headed stained glass windows to all gables and pointed-arched elsewhere with render surrounds and replacement uPVC windows. Stained glass window over altar, with marble altar and rails. Square-headed entrance opening having timber battened double doors with mosaic panel above. Interior has recent ceiling. Rendered boundary walls with wrought-iron gates to south. Single-bay single-storey render limestone outbuilding to south-east. Graveyard surrounds church.
DPS698	Kilduff	dam'	Concrete dam, built c. 1940, across mountain stream, having iron railings to walkway along top. Rectangular concrete compartmentalized salmon pools to south-east.

Townland	Structure Name	Description
DPS699	Clonmore Saint Ann's Roman Catholic Chapel	Detached gable-fronted church, built 1832, comprising three-bay entrance façade, three-bay side elevations to nave, single-bay transepts and canted apse with sacristy to west. Pitched slate roofs having ashlar limestone bellcote with cross finial to front gable and having rendered chimney to sacristy. Roughly-dressed limestone walls to front gable with cut stone buttresses, roughcast rendered elsewhere except under windows where rubble limestone is exposed, having roughly-dressed limestone details. Pointed arch window openings with Y-tracery, ashlar limestone sills, hood mouldings and stained glass windows. Lancet windows flanking altar and elaborate tracery to windows in apse, transept gables and upper front gable. Sacristy has four-centred arch windows with label mouldings. Pointed arch ashlar limestone main door opening with hood moulding, continuous with flanking former doorways now windows, with stone date plaque above. Marble column to two-arch arcades of transepts. Rubble limestone boundary walls with cut limestone gate piers and cast-iron gates.
DPS700	Killawardy house'	Detached four-bay two-storey house, built c. 1760, with windbreak addition to front and flat-roofed extension to south. Lobby-entry plan. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls. Two-over-two pane timber sash windows to first floor and replacement to enlarged ground floor openings. Square-headed door opening with replacement door. Single-storey outbuildings to north and south, forming courtyard with house, having pitched slate and corrugated-iron roofs and roughcast rendered walls. Rendered walls with metal gates to road boundary.
DPS701	Sandymount folly tower'	Freestanding circular-plan three-stage castellated folly tower, built c. 1850, with remains of walls to north and south. Roughly-dressed rubble limestone walls with cut limestone corbelled parapet. Square-headed openings with cut limestone voussoirs.

Townland	Structure Name	Description
DPS702	Gorteendangan Castleleiny Roman Catholic Church	Detached cruciform-plan gable-fronted Roman Catholic church, built 1830, with two-bay nave, single-bay transepts having projecting entrance porches and with recent sacristy to west. Pitched slate roofs with ridge cresting, cut limestone cross finials and with cut limestone bellcote to east gable. Roughcast rendered walls with rendered quoins. Exposed roughly-dressed limestone walling to east gable with limestone plaques. Pointed arch traceried window openings to nave and transepts, lancets to side walls of altar end, with limestone sills and stained glass windows. Four-centred window to front gable with limestone voussoirs. Four-centred arch main door opening with limestone voussoirs and jambs. Timber matchboard double doors to all entrances, flanked by small pointed windows to main entrance and with raised cut limestone surrounds to lean-to transept porches. Highly ornate reredos comprising central columns and pilasters supporting entablature with decorative devices above, flanked by decorative plaster detailing to altar wall and approached by steps to marble altar. Coffered timber ceiling v
DPS703	Gorteendangan water pump'	Cast-iron water pump, erected c. 1870, with banded shaft, having fluted neck and cap with pointed finial, fluted spout with bucket grip and cow's tail pumping arm. Set into concrete at roadside.
DPS704	Castleleiny handball alley'	Handball alley, built c. 1930, now disused. Coursed mass concrete walls, buttressed to east end with stepped sides, with remains of iron netting supports.
DPS705	Birdhill Parteen Villa	Three bay, two storey dwelling, two bay deep with basement to rear. Hipped slate roof and cut stone pedimented dorrcase. Extensive stone outbuildings.
DPS706	Birdhill Parteen Weir	Built to facilitate regulation of waterflows for Ardnacrusha dam
DPS707	Birdhill Milestone	Triangular-profile painted stone milestone, c.1780, inscribed on two sides and top. Inscriptions read 'Nenagh 11/Limerick 8/Dublin 105'.
DPS708	Birdhill signal box'	Detached two-bay two-storey signal box, built c. 1890. Hipped slate roof with rendered chimneystack. Rusticated limestone ground floor with cut limestone string course and with render and brickwork to first floor. Replacement uPVC windows with concrete sills. Replacement glazed timber door and steel steps to north-east elevation.
DPS709	Birdhill Birdhill Railway Station Bridge	Single-arch rock-faced limestone railway bridge, built c. 1860, skewed to carry roadway over railway tracks. Elliptical arching comprising diagonally-laid squared snecked limestone over rock-faced walling and with dressed limestone coping to rock-faced parapets.
DPS710	Birdhill water pump'	Cast-iron water pump, c. 1870, with banded cylindrical shaft, fluted domed cap with pointed finial, fluted spout with plain bucket grip and curved cow's tail pumping handle. Inscribed 'John Collins Ltd. Shop Street. Drogheda'

Townland	Structure Name	Description
DPS711	Birdhill Browsers	Detached three-bay two-storey former RIC barracks, built c. 1820, with two-bay side elevations and having gabled porch additions to front and to north gable. Now in use as retail outlet. Hipped M-profile slate roof with stone eaves course and rendered chimneystack. Rubble limestone walls with dressed voussoirs over windows. Two-over-two pane timber sash windows with stone sills and with external timber shutters. Round-headed arch over central doorway partially blocked. Rear part opened out and double-height glazed extension added. Pair of cast-concrete bollards at entry marked 'Jacob Clonmel 1847'.
DPS712	Birdhill Matt the Threshers	Detached multi-phase house, built c. 1890, now also in use as public house. Comprising of four-bay two-storey block with gablets to first floor and canted bay window to ground, with slightly-higher single-bay block to west end with shopfront and connected to three-bay two-storey former coach house by means of seven-bay single-storey block. Pitched slate roofs with carved timber bargeboards to gablets and having rendered chimneystacks. Rendered walls. Timber sash windows throughout, mainly two-over-two pane, with one-over-one to central bay and three-over-three to west addition, and timber battened front entrance door. Carriage arch to former coach house with timber battened doors and with stone steps to upper floor.
DPS713	Rosssfinch Saint Joseph's Roman Catholic Church	Detached gable-fronted church, built c. 1890, with four-bay side elevations to nave, sacristy to north-east and with polygonal apse to east. Pitched slate roof, hipped to apse, with decorative banding, ornate cast-iron ridge cresting and with cut limestone belfry and cross finial to gable front. Projecting cut limestone chimneystack to sacristy. Dressed yellow sandstone walls with buttresses to gable front and to nave and with cut limestone plinth and quoins and with platbands to gable front. Chamfered cut limestone surrounds to window and door openings, with red sandstone voussoirs above hood mouldings. Three-light lancet window to gable front, with stained glass. Pointed arch lancets to nave and chancel. Triple square-headed light to sacristy. Pointed arch main entrance with replacement timber double doors and overlight, flanked by trefoil windows, all with hood mouldings and linked by platband. Side entrance at west end of north wall has limestone overdoor with carved cross. Exposed arch-braced king-post truss roof to interior. Carved marble reredos. Timber gallery to entrance end. Decorative cast-iron
DPS714	Killoscully Ryans	Single storey public house with two porched entrances. Thatched roof.
DPS715	Ballynahinch house'	Six bay, two storey dwellign with pitched roof. Single storey porch to central front elevation. Decorative plasterbands. Stone outbuildings to side and rear
DPS716	Ballynahinch Ballynahinch House	Three bay, two storey dwelling with hipped slate roof. Single storey porch breakfront with coursed stone quoins. Lean-to to rear. Stone outbuildings to rear of dwelling

Townland	Structure Name	Description
DPS717	Munnia	house/former RIC barracks'
<p>Detached three-bay two-storey former RIC barracks, built c. 1845, now in use as house. Pitched slate roof with rendered chimneystack. Two-storey guardhouse projection to south-east corner with monopitch roof, battered walls and having loops. Possible original second guardhouse at north-west corner extended and has catslide roof and recent hipped extension to north-west. Coursed rubble sandstone to south-east gable and to guardhouse, rendered walls to remaining elevations. Painted moulded architrave to entrance doorway with timber panelled door. Square-headed openings with replacement uPVC windows. Rubble stone outbuildings forming courtyard. Square-profile piers to vehicular and pedestrian entrance gates.</p>		
DPS718	Garraunbeg	Ciamaltha House Lodge
<p>Detached gable-fronted L-plan single-storey with dormer floor gate lodge, built c. 1880, now disused. Canted bay windows to north and east with flagstone roofs. Pitched fish-scale slate main roof with dressed stone chimneystack and decorative terracotta chimney pots. Roughly-dressed coursed snecked sandstone walls with dressed sandstone quoins. Chamfered cut sandstone block-and-start surrounds to windows, and to doorway in south gable. Mainly two-light windows with canted four-light cut stone bay window to south and rectangular three-light to north. Set behind dressed snecked sandstone quadrant walls with square-profile gate piers having plinths and pyramidal capstones and steel gates.</p>		
DPS719	Garraunbeg	Ciamaltha House
<p>Detached T-plan two-storey over basement Gothic-revival former hunting lodge, built 1834, comprising two-pile four-bay main east-west block and slightly-lower three-bay block to south. Advanced central bays to east side of south block and north side of main block, with canted bay window in north elevation to ground and basement, polygonal porch to north-west, and glazed timber lean-to conservatories to south and east elevations. Currently being renovated. Pitched slate roofs with carved timber bargeboards and dressed and cut limestone chimneystacks. Exposed roughly-dressed sandstone walls, rendered to north elevation, having dressed sandstone quoins. Date stone to west elevation. Camber-arched openings with timber two- and three-light mullioned windows, having cut sandstone voussoirs, block-and-start surrounds and label mouldings. Porch has channelled ashlar quoins, Tudor-arch doorway with carved trefoil motif above, pointed windows, glazed timber panelled door and remains of second doorway. East conservatory has lead roof, gabled over doorway with carved timber barge boards and finial, glazed</p>		
DPS720	Garraunbeg	Almshouses
<p>Single storey, pitched roof building divided into six separate units with dressed stone chimneystack and decorative terracotta chimney pots. Roughly-dressed coursed snecked stone walls with dressed stone quoins. Chamfered cut sandstone surrounds to windows and mullions.</p>		

Townland	Structure Name	Description
DPS721	Birdhill Church of Our Lady of the Wayside	Detached gable-fronted church, built c. 1890, with four-bay side elevations to nave, sacristy to north-east with recent extension, and polygonal apse. Pitched slate roof, hipped to apse, with cast-iron rainwater goods and having cut limestone belfry to gable front. Coursed snecked sandstone walls with cut limestone to window and door openings and to quoins. Chamfered pointed arch block-and-start surrounds to openings. Lancet windows to nave, tripled to gable front, with stained glass. Alternate sandstone and limestone voussoirs above gable front openings and blocked side door of south wall. Main entrance has replacement timber double doors and overdoor. Shouldered arch doorway to sacristy. Exposed arch-braced queen-post truss roof to interior. Carved timber gallery to entrance end. Cast-iron entrance gates in rubble limestone boundary wall.
DPS722	Thornhill Thornhill House	Two Storey dwelling, hipped slate roof. Two storey return to rear with single storey lean-to.
DPS723	Ballykinlalee Gotraska	Three bay, two storey dwelling, hipped roof with brick chimneys. Double central elipitical windows with hooded mouldings. Single storey porch/breakfront to front elevation with elipitical window and hooded moulding.
DPS724	Drumbaun Glebe House	Detached single-storey with dormer floor former glebe house, built c. 1880, now in use as private house. Comprises three-bay single-and two-storey front block with advanced gabled end bay, shorter two-storey middle block with gable-fronted projecting block at right angles. Hipped porch built into angle of front elevation. Pitched and hipped slate roofs with brick eaves course and decorative timber bargeboards. Snecked broken-coursed dressed sandstone to front elevation and exposed rubble sandstone to rear, with dressed limestone quoins. Square-headed openings with cut limestone block-and-start surrounds, two-over-two pane timber sash windows and limestone sills. Timber-framed entry porch on cut limestone plinth with scalloped shingle cladding, mullioned timber windows and limestone steps. Stone gate piers to courtyard with plinths and capstones, and stone entrance gate piers with cast-iron gates. Detached four-bay two-storey stable block, now part-house, part-stable, to rear of house, with integral segmental brick-arch. Hipped slate roof. Rubble limestone walls with brick jambs and arches to some v
DPS725	Garraunbeg Gurraunbeg House	Three bay, storey and a half rubble stone dwelling with stone outbuildings (derelict)
DPS726	Garraunbeg	Stone, semidetached cottages with cut stone quoins. Central gable detail with Lord Bloomfield crest set under the central gable with the letter 'B' and the date '1874'.

Townland	Structure Name	Description
DPS727	Cragg Cragg House	Detached two-pile three-bay single-storey with dormer floor house, built c. 1880, with lower three-bay two-storey block to rear of west end. Gabled porch projection to middle bay and gabled ends with projecting chimneystacks to north elevation. Pitched slate roofs with decorative timber bargeboards with finials and cut limestone chimneystacks with single, paired and tripled round-profile chimneys. Rendered walls. Square-headed openings with single, double and paired one-over-one pane timber sash windows, latter with combined sills. U-plan layout of former stable blocks comprising L-plan single-storey blocks flanking central three-bay two-storey block, latter with integral segmental carriage arches and whole now converted to dwellings, with pitched slate roofs, gabled dormers and snecked dressed limestone walls. enclosing wall with gate piers. Limestone entrance gate piers with stone caps.
DPS728	Drumbaun Drumbaun House	Three bay, two storey dwelling with hipped roof. Single storey central porch to front elevations. Courtyard of stone outbuildings to rear
DPS729	Barna Barna House	Four Bay, two storey dwelling with single storey porch to central front. Hipped slate roof, one over one timber sash windows. Courtyard of stone outbuildings to rear.
DPS730	Oakhampton Oakhampton House	Detached three-bay two-storey house, with projecting gabled central bay, built c. 1820, with earlier lower four-bay two-storey house, c. 1760, at right angles to rear. Pitched slate roofs, reconstructed to front block, with rendered chimneystacks and with stone eaves course to rear block. Exposed rubble sandstone walls with dressed quoins and voussoirs to openings. Square-headed openings with six-over-six pane timber sash windows and glazed timber door. Recent single- and two-storey additions to south gable. Courtyard to rear of house has detached six-bay two-storey stable block with pitched slate roof, exposed sandstone walls and square-headed openings with replacement timber windows and doors. Three-bay single-storey rubble sandstone outbuilding to south-east of house with integral carriage arches. Single-storey stone pavillion with hipped slate roof built c. 2000 connected to north-east of main block with flanking arched stone wall. Rubble limestone boundary walls with square-profile gate piers with plinths and flat caps, topped by carved stone eagles.

Townland	Structure Name	Description
DPS731 Clonygaheen	Killoscully Roman Catholic Chapel	Detached gable-fronted church, built 1874, with four-bay nave with single-bay chancel, two-bay transept to north-east with gabled porch, and with two-bay flat-roofed porch addition to south-west. Pitched slate roofs with ashlar limestone bellcote. Exposed roughly dressed snecked sandstone masonry to west elevation having limestone dressings and quoins. Roughcast rendered walls elsewhere, with buttresses to west end of nave elevations. Lancet windows with ashlar limestone block-and-start surrounds to gable front and with render surrounds elsewhere. Ashlar limestone quatrefoil rose window with stained glass in pointed panel to gable front. Pointed and Tudor arch openings to porches with timber matchboard double doors. Open timber scissors truss roof, decorative plaster backdrop to altar and carved limestone block with human figure in high relief. Cemetery to west. Rendered piers with cast-iron gate to road.
DPS732 Rossfinch	An Bonán Bui	Four bay, two story, public house with hooded moulds to windows and extension to rear
DPS733 Clonygaheen	Community Centre	Single storey former school house now in use as community centre. Central gable breakfront with 1876 date stone
DPS734 Aughaveher	lime kiln'	Freestanding limekiln, now disused. Rubble stone walls with round-headed opening with stone voussoirs.
DPS735 Bleanbeg	Our Lady of Lourdes Roman Catholic Church	Detached gable-fronted church, built 1827, with four-bay nave and having flat-roofed porch to north end and lean-to sacristy to south-west. Pitched artificial slate roofs with roughcast rendered bellcote. Roughcast rendered walls with render plinths. Stained glass lancet windows and double one-over-one pane timber sash window to sacristy. Pointed arch opening with timber matchboard double doors. Rendered piers with cast-iron gate and rendered boundary walls to site. Commemorative stone to north gable and in grounds to east.
DPS736 Bleanbeg	Our Lady of Lourdes Roman Catholic Church	Detached gable-fronted church, built 1827, with four-bay nave and having flat-roofed porch to north end and lean-to sacristy to south-west. Pitched artificial slate roofs with roughcast rendered bellcote. Roughcast rendered walls with render plinths. Stained glass lancet windows and double one-over-one pane timber sash window to sacristy. Pointed arch opening with timber matchboard double doors. Rendered piers with cast-iron gate and rendered boundary walls to site. Commemorative stone to north gable and in grounds to east.

Townland	Structure Name	Description
DPS737	Curreeny Commons Curreeny Roman Catholic Church	Detached gable-fronted single-cell church, built 1860, with three-bay nave, gabled porch to gable front, and recent gabled sacristy addition to south-west. Pitched artificial slate roof with cross finial. Rendered walls. Lancet windows to nave, round-headed openings elsewhere, with rendered surrounds and replacement uPVC windows. Replacement timber doors set in square-headed opening. Rendered belfry to north-east. Graveyard and rendered boundary walls with cast-iron gate to site.
DPS738	Curreeny Commons Curreeny School	Detached single-storey school, built 1915, with central two-bay entrance projection to front and flanked by blank walls, and with two-bay gables and two-bay lean-to extension to rear. Now disused. Pitched slate roof with cast-iron rainwater goods, rendered chimneystacks, slightly projecting from gable ends. Rendered walls with limestone plaques to entrance gable. Timber sash windows set in square-headed openings. Square-headed opening with timber battened door. Cast-iron bootscape to former entrance, and cast and wrought-iron lamp to north-east elevation.
DPS739	Kilfithmone Kilfithmone Church of Ireland Church	Freestanding Board of First Fruits church, built 1821. Comprising three-bay side elevation to nave, with two-stage stepped tower having castellations to west and lean-to vestry to north-east. Pitched artificial slate roof. Roughcast rendered walls with snecked masonry quoins to tower base and snecked masonry walls to upper level of tower. Pointed arch openings with dressed stone surrounds. Replacement uPVC windows and with stained glass to east window. Sheet metal main door and timber battened vestry door with steps. Retaining interior features. Graveyard around church, with square dressed stone gate piers and wrought-iron gates to boundary.
DPS740	Mountgeorge Borrisoleigh Graveyard	Roman Catholic cemetery, with grave markers from c. 1800. Variety of limestone, slate and marble grave markers. Rubble limestone boundary walls. Rendered gate piers and cast-iron railings with cast-iron gates to entrance. Medieval church formerly in graveyard.
DPS741	Gorteeny Shop'	Terraced three-bay two-storey house, built c. 1840, with retail outlet inserted to ground floor. Pitched slate roof having brick chimneystack. Lined-and-ruled rendered walls with rendered quoins. Rectangular openings having one-over-one timber sash windows to upper floors. Altered ground floor has fixed windows, glazed door and shopfront consisting of timber pilasters with timber fascia and cornice abo

	Townland	Structure Name	Description
DPS742	Borrisland North	house'	Terraced five-bay two-storey house, built c. 1830, with two-bay single-storey lean-to addition to south end of façade. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls. Rectangular openings with two-over-two timber sash windows having limestone sills. Panelled timber door in segmental-headed opening with side-lights and elaborate coloured glass petal fanlight. Roughcast rendered front boundary wall. Retaining interior features.
DPS743	Cappanilly	The Marian Hall	Detached stepped gable-fronted two-bay two-storey former cinema, built c. 1930, with projecting entrance block with gabled projection booth over. Now in use as hall. Pitched artificial slate roof. Rendered walls with render plat bands. Square-headed openings with replacement uPVC windows. Timber panelled and glazed double doors.
DPS744	Borrisland South	formally Borrisoleigh National School'	This national school is of an interesting architectural design, and retains some of the original external features, such as the carved plaque and slate roof. The regular form of this building is enlivened by the decorative fanlights and segmental-arched window openings. This building has played an important role in the social history and development of the town, and the two entrance doors are interesting reminders of the separate school rooms that were employed for girls and boys.
DPS745	Borrisland South	house/former shop'	End-of-terrace three-bay two-storey house and former shop, built c. 1880, now in use as private house. Pitched slate roof with rendered chimneystacks. Lined-and-ruled rendered walls and rendered quoins. Rectangular openings having one-over-one timber sash windows to upper floors. Square-headed opening with replacement timber window to ground floor. Single and double timber panelled doors with overlights. Render shopfront consisting of moulded pilasters with fascia, cornice and dentils.
DPS746	Borrisland South	former public house'	Detached three-bay two-storey house and former public house, built c. 1820, now in use as a house. Pitched and hipped corrugated-iron roof having rendered red brick chimneystacks. Roughcast rendered walls, with render plat bands, plinth and surrounds to openings. Square-headed openings having replacement uPVC windows and timber panelled door with overlight to front and two-over-two pane timber sash and replacement uPVC windows to north elevation. Rendered shopfront, with timber panelled double doors, overlight and mullioned pub window, now partly boarded. Rendered carriage arch with battlemented parapets to the south-west.

Townland	Structure Name	Description
DPS747	Borrisland South Parochial House	Detached three-bay two-storey parochial house with canted bay windows flanking entrance, built c. 1890. Hipped slate roofs with timber eaves brackets and having rendered chimneystacks. Rendered walls, line-and-ruled to ground floor, with render quoins and plinth. Square-headed openings with uPVC replacement windows and stone sills. Label mouldings over first floor openings. Four-centred recessed entrance with roll moulding and with render hood moulding and having timber panelled and glazed door with fanlight and sidelights. Flight of cut stone steps leading to the entrance. Two-storey outbuilding with advanced, higher central part, having pitched slate roofs, rendered chimneystacks and timber fixed windows.
DPS748	Castlequarter house	Terraced two-storey outbuilding, formerly a pair of houses with two-bay ground floors and one-bay first floors, built c.1820. Pitched slate roof. Roughcast rendered walls. Rectangular openings having limestone sills, with timber sash windows to west end and blocked windows to east. Timber battened doors.
DPS749	Castlequarter house	Detached three-bay two-storey house, built c. 1820, with projecting flat-roofed porch. Hipped slate roof with rendered chimneystack. Roughcast rendered walls. Six-over-six timber sash windows, three-over-six to first floor of extension, with limestone sills. Timber panelled door flanked by engaged columns with spoked fanlight above. Lattice windows to porch. Retaining interior features. Two-storey two-bay outbuilding to east and two-storey extension to north-west, now a separate house.
DPS750	Borrisland South Garda Station	Detached gable-fronted single-storey Garda station with three-bay entrance gable and four-bay side walls, built c. 1950. Pitched artificial slate roof. Rendered walls having rendered quoin pilasters and plat band. Square-headed openings with timber sash windows, one-over-one pane to front and two-over-two pane to side and rear walls. Porch supported on columns with mosaic tiling and with heavy cornice above and glazed timber double doors
DPS751	Pallas Lower Pallas Bridge	Four-arch road bridge over Clodiagh River, built c. 1800, with V-cutwaters to west elevation. Dressed limestone walls with ashlar voussoirs to arches.

Townland	Structure Name	Description
DPS752	Ballypatrick (inch) house'	Detached five-bay two-storey house, built 1846, with paired gable-fronted return to the east. Formerly shop to west end. Hipped slate roof having rendered chimneystacks. Rendered walls with rendered cornice, fascia and decorative render plat bands to shop end. Decorative render surrounds to openings. Square-headed openings having replacement uPVC windows on the ground floor, nine-over-nine pane timber sash windows to first floor, and one-over-one pane to south gable, all with limestone sills. Round-headed door opening having timber panelled door in elaborate doorcase with fluted render pilasters, archivolt with keystone, sidelights and ornate petal fanlight. Garden to south of house.
DPS753	Bouladuff Bouladuff House	Detached three-bay two-storey house, built c. 1850, with two-bay single-storey addition to the north gable. Pitched slate roofs with red brick chimneystacks. Lined-and-ruled rendered walls, with decorative render plat bands, panelled render pilasters to ends of façade and south gable. Replacement uPVC windows in square-headed openings with fluted render surrounds. Round-arched doorway with replacement uPVC door with fanlight and with moulded render surround. Cast-iron gate and railings with rendered plinth to boundary.
DPS754	Drom thatched house'	Detached three-bay single-storey house, built c. 1800, with glazed porch addition to front. Hipped reed thatched roof with raised ridge, swept over porch, and having rendered chimneystack. Roughcast rendered walls with plat bands. Square-headed openings with replacement uPVC windows having render surrounds. Replacement timber half-door. Pitched corrugated-iron roof single-storey rubble limestone outbuildings to east.
DPS755	Tinvoher Cormack Monument	Freestanding partially underground mausoleum in graveyard, built c. 1910, with limestone steps leading down to vault. Rendered barrel-vaulted roof. Decoratively rendered walls to façade of burial vault. Channelled render to walls and polychromatic tiles to floor of antechamber. Decorative cast-iron gate to burial chamber. Cast-iron railings set on concrete plinths and with gate, to perimeter of site.
DPS756	Tinvoher house'	Detached four-bay single-storey house with loft, built c. 1820. Half-hipped slate roof with rendered chimneystack. Rubble limestone walls. Replacement timber windows and timber battened door and half-door with step.
DPS757	Tinvoher water pump'	Freestanding cast-iron water pump, c. 1880, with banded shaft, fluted neck and cap, finial, and cow's tail handle, having foliate design where spout meets neck and ram's head bucket holder. Set inside recently-built stone enclosure.

Townland	Structure Name	Description
DPS758	Tinvoher McGraths	Formerly detached three-bay two-storey house, built c. 1840, now also in use as shop and having public house extension to east. Pitched slate roof with rendered chimneystacks. Lined-and-ruled rendered walls having decorative render quoins and eaves course and render plinth. Replacement windows and glazed timber doors, with overlight to house, having decorative render surrounds. Shopfront comprises decorative render pilasters flanking doorway and window, with fascia and render cornice over.
DPS759	Tinvoher house'	Formerly detached three-bay two-storey former barracks, built c. 1820, now in use as house. Pitched artificial slate roof with rendered chimneystacks. Pebbledashed walls having rusticated render quoins, render plinth and moulded render surrounds to openings. One-over-one pane timber sash windows, one doubled, with stone sills. Replacement timber door. Adjoining lofted single-storey outbuilding converted to house has pitched artificial slate roof, pebbledashed walls, replacement timber door and window. Rendered plinth and piers with cast-iron railings and gate to site boundary.
DPS760	Tinvoher Railway Bridge	Girder bridge carrying Dublin to Cork railway line, built c. 1865. Rusticated limestone abutments supporting steel girder structure, with splayed ashlar buttress walls.
DPS761	Tinvoher Loughmoe Bridge	Single-arched masonry bridge carrying road over River Suir, built c. 1820. Coursed dressed limestone-block walling with rusticated voussoirs and ashlar string courses and copings.
DPS762	Graiguefrahan e mill'	Five-bay five-storey former timber and corn mill, built c. 1800, now disused. Half-hipped slate roof to mill. Snecked rubble limestone walls. Square-headed openings with cut stone sills to windows. Millrace runs through west end of building, with arches in north and south elevations. Two-bay two-storey former manager's house attached to east with six-bay two-storey late twentieth-century gable-fronted extension with attic storey. Pitched reslated roof, random coursed dressed limestone walls. Square-headed windows and door, with later dormer windows, having two-over-two pane timber sash windows to house. Two-bay lodge with one-bay outbuilding attached at entrance with pitched slate and tile roof, rubble limestone walls and square-headed openings.

Townland	Structure Name	Description
DPS763	Killahara Saint Michael's Church of Ireland Church	Detached former church, built c. 1830, with three-bay nave, chancel to east, and having entrance porches, gabled to south-west and lean-to to north-east corners. Now in use as house. Replacement pitched artificial slate roof having limestone eaves course, dormer windows and rendered chimney additions and with bellcote to west gable. Sneaked roughly-dressed limestone walls with dressed limestone base batter, quoins, copings, dressings to bellcote and chamfered surrounds to openings. Lancet windows, tripled to gables with quatrefoil light over west and cinquefoil over east, double lights to nave with cast-iron lattice glazing. Pointed arch opening to south porch, having timber battened door with strap hinges and shouldered arch opening with replacement door to north, both with limestone steps. Recent doorway inserted in west gable. Graveyard to site. Dressed limestone gate piers with cast-iron railings to front rubble limestone boundary.
DPS764	Killahara The Parsonage	Detached three-bay two-storey former parsonage, built 1851, with lower projecting gabled entrance bay. Now in use as private house. Pitched slate roof with rendered chimneystacks. Roughcast rendered walls with datestone incorporating crest to entrance bay. Square-headed openings with replacement uPVC windows having stone sills. Timber entrance door.
DPS765	Killahara terrace of houses'	Terrace of four three-bay single-storey with attic houses, built c. 1910, one formerly used as post office. Pitched slate roofs to two south-west houses, with dressed stone and rendered chimneystacks. Pitched artificial slate roofs with rendered chimneystacks and gabled dormer window additions to south-east houses. Roughcast rendered walls with rendered quoins, plinth and plat band, and various render details to some houses. Square-headed timber sash windows having stone sills, and replacement uPVC windows. Timber panelled and replacement doors in mainly gabled windbreaks.
DPS766	Killahara house'	Detached three-bay two-storey house, built c. 1890, with recent hipped extension to west and uPVC conservatory to front. Hipped artificial slate roof with dressed limestone chimneystacks and with gablet and plat bands to west elevation. Roughcast rendered walls with render quoins and plinth. Square-headed openings with six-over-six pane timber sash windows and limestone sills. Doorway obscured by recent uPVC conservatory. Rubble limestone boundary walls and cast-iron piers and gates to site.
DPS767	Killahara water pump'	Cast-iron water pump, c.1870, with banded cylindrical shaft, fluted neck, fluted spout with ram's head bucket grip, fluted cap with pointed finial and cow's tail pumping handle. Set in rubble limestone walled enclosure.

Townland	Structure Name	Description
DPS768	Killahara house'	Detached two-bay two-storey former school house, built c. 1880, with lean-to three-bay single-storey porch to north elevation. Now in use as private house. Pitched slate roofs having brick chimneystacks and rooflight. Rendered walls with limestone plaque over doorway. Square-headed openings with timber sash windows, six-over-six pane to first floor and two-over-two to addition, with tripartite casements to south-east and north-east elevations, with stone sills. Timber battened door. Dressed limestone piers and rubble limestone boundary walls to site with wrought-iron gate.
DPS769	Ballyduag Blyduag Creamery	Detached four-bay single-storey former creamery, built c. 1915, with slightly higher two-bay addition to east end and multiple-bay two-storey block at right angles to rear with lean-to slate addition. Now disused. Pitched slate roof to main block, with brick eaves course and with cast-iron roof vent to east end and pitched corrugated iron to rear block. Rendered rubble limestone walls with some dressed limestone quoins and with concrete walls to extension. Square-headed openings with brick surrounds, having timber casement windows with paned overlights and stone sills. Replacement metal door. Disused machinery and associated equipment to interior and to north.
DPS770	Longorchard thatched house'	Detached three-bay single-storey house with attic, built c. 1800, with flat-roofed porch addition. Hipped straw thatched roof with brick chimneystack. Roughcast rendered walls. Segmental-arched windows to front and square-headed elsewhere, having fixed and blocked windows to upper gables and one-over-one and two-over-two pane timber sash windows elsewhere, all with limestone sills. Replacement glazed timber door. Rubble limestone and concrete outbuildings to site.
DPS771	Cranagh thatched house'	Detached three-bay single-storey house built c. 1800, with entrance windbreak and with single-bay addition to west. Hipped water reed thatched roof, gabled to junction with addition, having brick chimneystack. Pitched slate roof to addition. Roughcast rendered walls. Replacement windows and door with steps. Three-bay single-storey outbuilding with pitched slate roof, roughcast rendered walls and replacement timber half-doors. Cast-iron water pump to site with banded shaft, fluted neck, cap with pointed finial, fluted spout and cow's tail pumping handle. Rubble limestone boundary walls with wrought-iron gate.
DPS772	Killoran lime kiln'	Freestanding limekiln, now disused. Rubble stone walls with round-headed opening with stone voussoirs.
DPS773	Killoran Killoran House	Three bay, two storey dwelling with central breakfront containing elliptical window at ground floor. Three bay deep with hippeed 'double roof and central chimney stack

	Townland	Structure Name	Description
DPS774	Killoran	Killoran Tower	Freestanding three-stage circular-plan castellated folly tower built c. 1860, with wall to face terminated by round turret. Roughly-dressed rubble limestone walls with dressed limestone coping to crellations and base to parapet. Round-headed openings with dressed limestone block-and-start surrounds.
DPS775	Moynetemple	Saint Mary's Roman Catholic Church	Detached three-bay two-storey house with two-bay two-storey wing to north-west, forming L-plan, with flat-roofed porch in angle and with flat-roofed extensions to north. Built c. 1820, now in use as public house. Hipped and pitched slate roof with cast-iron rainwater goods and rendered chimneystacks. Roughcast rendered walls, south gable corners rounded, one with wheel guard, and with some decorative render quoins. One-over-one pane timber sash windows in square-headed openings with stone sills. Moulded rendered shopfront to southern elevation with fixed timber windows between four pilasters having decorative capitals supporting cornice with console brackets.
DPS776	Moynetemple	Molony	Detached five-bay two-storey house built c. 1830, now also in use as public house. Pitched artificial slate roof with rendered chimneystacks. Rendered walls with render quoins, plat bands and surrounds to openings. Raised panelled render surround to public house entrance, having fascia and lettering above, with timber panelled doors to house and public house. Square-headed openings with one-over-one pane timber sash windows to first floor, timber casement windows to first floor, with stone sills.
DPS777	Moynetemple	Mullany	Detached four-bay two-storey house built c.1820, now also in use as public house, with recent three-bay single-storey addition to south. Pitched slate roof with rendered chimneystacks having dentil details. Rendered walls with decorative render quoins. Square-headed openings with render surrounds, having label mouldings to ground floor window and house doorway, having one-over-one pane timber sash windows with stone sills. Replacement timber panelled doors. Timber shopfront comprising fluted pilasters, mullioned five-light shop window with decorative cast-iron window guard, having fascia and moulded cornice above. Wrought-iron gates to yard behind building.
DPS778	Cooleeny	Cooleeny Lodge	Two storey over basement lodge house, hipped roof. Some timber sash six over six pane windows surviving. Heavy eaves overhang with two storey bow to rear elevation
DPS779	Cooleeny	Cooleeny Grave yard	Grave yard with tower
DPS780	Ballymackeogh	Ballymackeogh House	Three bay, two storey dwelling. Single storey porch. Three bay deep with two storey lean-to and return. Timber sash windows with decorative architrave. Heavy eaves overhang underpinned with decorative moulding. Snecked quoins. Extensive courtyard to rear

	Townland	Structure Name	Description
DPS781	Foxhall	Saint Johns Rectory	Five bay two storey over basement with attic. Pitched slate roof and timber sash windows. Stone exposed to front elevation. Splayed stone steps to front door. Stone outbuilding to rear. Date stone at entrance 1789.
DPS782	Newport	Churchfield House	Detached three-bay two-storey house, with projecting porch, built c. 1820. Hipped artificial slate roof with rendered chimneystacks. Roughcast rendered walls with render plinth. Square-headed replacement uPVC windows and some timber sash windows. Set within mature garden.
DPS783	Newport	house'	End-of-terrace three-bay two-storey house, built c. 1860, with lean-to additions to rear. Pitched slate roof with rendered chimneystack and replacement rainwater goods. Roughcast rendered stone walls having raised render surrounds to openings. Two-over-two timber sash windows with stone sills and replacement timber door.
DPS784	Newport	ball alley'	Three handball alleys constructed in mass concrete against the rendered random stone walls of the former two-storey National School. Contains remnants of tiered pre-cast concrete seating and steps to ball alleys, and blocked window openings with stone sills to school building. Date plaque to school in partition wall.
DPS785	Tullow	bridge	Single-arch concrete road bridge over River Mulcair, built c. 1930. Decorative chevron cut-outs to parapet. String course to bridge and abutments, excised to vehicular sides and with panels to abutments. Remains of earlier bridge at north-west corner of existing bridge has round dressed limestone pier and remains of second, supporting sandstone upper structure with dressed voussoirs, string course, rendered parapets and with arch between standing pier and river bank.
DPS786	Tullow	house'	Terraced five-bay house, built c. 1880, with single-storey front and two-storey rear elevations. Stepped pitched slate roofs with decorative timber bargeboard, rendered chimneystacks with decorative terracotta pots, and cast-iron rainwater goods. Lined-and-ruled rendered walls with render quoins. Two-over-two pane timber sash windows, some uPVC replacement to rear, with stone sills and wrought-iron sill guards. Replacement timber door.
DPS787	Tullow	J. Daly	Terraced three-bay three-storey house, built c. 1870, now in use as public house to ground floor. Pitched artificial slate roof with rendered chimneystacks and replacement uPVC rainwater goods. Rendered walls with moulded string course and render fascia between ground and first floors. One-over-one pane timber sash windows to upper floors, with stone sills and moulded surrounds. Ground floor openings altered and timber doors and windows inserted.
DPS788	Carrowkeale	well'	Freestanding well with random coursed rubble walling.

Townland	Structure Name	Description
DPS789	Clonbealy Clareview	Detached four-bay two-storey over basement former charter school, built c. 1820, with entrance porch. Later used as barracks and now a house. Pitched slate roof with rendered chimneystacks at gables. Rendered walls with render quoins. Replacement uPVC windows, set in square-headed openings to ground and first floors and segmental-headed to basement and upper south gable. Porch has gabled roof with gable front and uPVC door approached by flight of curved steps. Rendered gate piers and wrought-iron entrance gate. Remnants of rubble garden walls.
DPS790	Clonbealy sewer vent'	Cast-iron sewer ventilation pipe, erected c. 1880, consisting of a cylindrical shaft with a fluted and flared base and crown top.
DPS791	Tullow sewer vent'	Cast-iron sewer ventilation pipe, erected c. 1880, consisting of a cylindrical shaft with a fluted and flared base and crown top.
DPS792	Clonbunny Mount Rivers	Five bay, two storey over basement with single storey wing to either side. Central breakfront with wyatt window at first floor level. Lined and ruled with snecked quoins. Cut stone parapit. Cut stone portico with 4 columns on cut stone steps. Stone outbuildings to rear. Recently renovated.
DPS793	Scraggeen Clare Bridge	Single-arch humpbacked road bridge over Annagh River, built c. 1820, with rubble limestone walls and roughly-dressed limestone voussoirs to parabolic arch. Bridge shows evidence of widening. Pedestrian gates set in wall near bridge.
DPS794	Scraggeen Gortnanoe	Three bay, two storey dwelling with central single storey porch. Single storey annex to side.
DPS795	Clonsingle Clonsingle House	Two storey dwelling with central porch. Derelict lodge at entrance
DPS796	Clonsingle Abacrossan Bridge	Three-arch road bridge over Clare River, built of coursed rubble limestone construction with cut limestone voussoirs to arches, with cutwaters. Splayed rubble limestone rubble walls to each end of bridge.
DPS797	Inchadrinagh Charlottes Bridge	Five-arch road bridge over Clare River, built of coursed rubble limestone construction with cut limestone voussoirs to arches, with cutwaters. Splayed rubble limestone rubble walls to each end of bridge. Date stone on bridge - 1834
DPS798	Killeen (Lackamore)	Complex of extensive stone outbuildings with remains of cut stone arc and carriage stones. Dwellings to with end of courtyard.

Townland	Structure Name	Description	
DPS799	Reardnogy more	Rear Cross Roman Catholic Church	<p>Detached gable-fronted cruciform-plan church, built c. 1840, relocated and re-erected c. 1877, restored c. 2000. Composed of three-bay side elevations to nave, with single-bay transepts, and single-bay sacristy to north. Square bell tower to east of entrance with metal clad broached spire above louvres, and pitched roof with pressed metal imitation shingling below louvres. Pitched ribbed corrugated-iron roof with cast-iron cresting. Corrugated-iron walls with rendered masonry plinth. Pointed arch timber-framed window openings with leadlight glazing set. Pointed arch door openings with diagonally boarded timber doors. Interior with exposed truss with arched braces and timber boarded ceiling. Interior walls having vertical timber boarding. Timber galleries to rear and to east and west transept.</p>
DPS800	Reardnogy more	Rear Cross National School	<p>Detached eight-bay single-storey former national school, built 1881, with central two-bay gabled projecting porch. Pitched slate roof with rendered chimneystack. Roughcast rendered walls with limestone date plaque to porch. Replacement uPVC and some six-over-six pane timber sash windows to front and fixed timber windows to rear. Timber battened doors, with steps and with paned overlight to west door. Green area to front of building.</p>
DPS801			<p>Triple-arch road bridge over Little Brosna River, built c. 1860. Cut limestone walls having voussoirs to segmental arches, string courses, coursed limestone rubble parapets and U-cutwaters to west, downstream, elevation. Lower limestone rubble walls extend from parapets along road.</p>
DPS802	Churchquarter (Kilcommon)	Kilcommon Roman Catholic Church	<p>Detached gable-fronted cruciform-plan church, built c. 1875, with four-bay nave, two-bay transepts and chancel and with lean-to sacristy to north-east. Pitched slate roof with decorative scalloped banding, cast-iron ridge-cresting and finials, cast-iron rainwater gutters supported on stone corbels and decorative cast-iron rainwater hoppers. Roughcast rendered walls with stepped cut limestone buttresses to corners. Chamfered cut limestone lancet windows, pointed to west walls of transepts, trefoil-headed elsewhere, and set into pointed arch recesses between buttresses in gable front, with stained glass to altar and centre of entrance gables, coloured elsewhere. Quatrefoil light over paired lancets in gables. Timber battened double doors set in pointed order arch with tympanum with hood moulding, quatrefoil detail and cross finial. Triangular-headed doorways to transepts. Interior has collared timber trusses with arched braces and struts and timber boarded ceiling, pointed arches to transepts, and sculpted marble reredos with crocketed pinnacles. Detached concrete bell tower with cast-iron bell. C</p>

Townland	Structure Name	Description
DPS803 Churchquarter (Kilcommon)	Parochial House	Detached three-bay two-storey house with lower two-storey return, built c. 1800. Hipped slate roof, pitched to return, with rendered chimneystacks and cast-iron rainwater goods. Rendered walls with dressed limestone quoins. Square-headed one-over-one pane timber sash windows and round-headed doorway .
DPS804 Kilcommon	house'	Detached four-bay single-storey farm house with attic, built c. 1870. Pitched artificial slate roof with rendered chimneystack. Smooth-rendered lower and roughcast upper walls separated by decorative paltband, with painted band of lozenge detailing to eaves and render plinth. Square-headed openings with decorative render surrounds with keystones, stone sills and having replacement uPVC windows and door. Flanked by detached single-storey outbuildings with pitched slate roofs and rendered walls, to form courtyard to front of house. Cast-iron water pump to yard with banded shaft, fluted neck and cap, spout with bucket grip and cow's tail pumping handle. Rendered front boundary wall with moulded coping and moulded caps to square-profile piers having wrought-iron gates.
DPS805 Foildarragh	Anglesey Bridge	Double-arch road bridge. Cut limestone walls having voussiors to segmental arches, string courses, coursed limestone rubble and U-cutwaters.
DPS806 Graniera	milestone'	Triangular-profile limestone milestone, c. 1780. Inscribed 'Newport 15 Miles, Thurles 13, Tipper[ary] 16' on front faces. Recent rubble limestone setting at junction of two roads.
DPS807 Shevry	Mount Prospect	Three bay, two storey dwelling with two storey return to rear. Hipped slate roof. Replacement imber sash windows. Rubble stone wall and stone outbuildings.
DPS808 Shevry	Garda Barracks'	Five bay, single storey barracks with end bay stepped forward with gables
DPS809 Gortatooda	Saint Patrick's National School	Detached six-bay double-height national school, built c. 1955, now disused. Four-bay single-storey flat-roofed block to rear and whole flanked by flat-roofed porches to gable ends with concrete canopies over doors to sides. Sprocketed slate roof with roughcast rendered chimneystack, and cast-iron rainwater goods. Roughcast rendered walls with rendered plinth and slate date plaque. Square-headed openings with six-over-six pane timber sash windows and concrete sills. Timber battened doors. Flat-roofed rendered concrete block playground shelter with open front with round columns. Bounded by roughcast rendered walls with concrete stile and steel gates.
DPS810 Cappanleigh	Saint Mary's Roman Catholic Church	

Townland	Structure Name	Description
DPS811 Cappanleigh	P. Ó Cuinneáin	Detached two-storey house, built c. 1840, in use as public house and comprising four-bay ground and three-bay first floors, with multiple-bay return to rear and having recent lean-to extension to west. Lobby-entry plan. Pitched and hipped artificial slate roofs with gablet to return, and having rendered chimneystack. Exposed rubble limestone front wall, rendered elsewhere, with render quoins and plat bands. Square-headed openings, brick-arched to ground floor, with replacement uPVC windows having decorative render surrounds with rusticated keystones and stone sills. Square-headed doorway with replacement uPVC door. Pub fronts to street elevation with replacement uPVC windows and panelled timber door.
DPS812 Cappanleigh	Grotto	Freestanding grotto, built 1967. Composed of random rubble limestone, with three segmental-arched recesses of various sizes, one containing a statue of the Blessed Virgin Mary, another an altar. Stone paving to front. Bounded by a pebbledashed wall with rendered piers and concrete capstones and steel railings.
DPS813 Kileroe	Kileroe Mill	Detached mill, built c. 1850, reconstructed c. 1930, now disused and used for storage. Comprises two-bay three-storey block with later single-bay three-storey addition to east and two-bay two-storey addition to north. Pitched slate roof to main block, with stone eaves course, louvred roof vent and ornamental weathervane, and curved corrugated-iron roof to northern addition. Rubble limestone walls to main block, with mass concrete to northern addition and upper half of east part of main block. Square-headed openings with fixed timber windows. Square- and segmental-headed doorways in northern addition with metal and battened timber doors. The site also contains mill race, sluice gates and stone single-span round-arch bridge.
DPS814 Annfield	Annfield Bridge	Four-arch sandstone road bridge over Clodiagh River, built c. 1806. Cut stone voussoirs to round arches with rubble stone walls, with triangular cutwaters to north elevation and large capping stones to parapets. Stone abutments, partly replaced with concrete block.

Townland	Structure Name	Description
DPS815	Clon More thatch cottage'	Detached four-bay single-storey vernacular house with lobby-entry plan, built c. 1800, with rear elevation to road and with projecting front windbreak entrance with flat concrete top. Hipped straw thatch roof to house with brick chimneystack. Roughcast and smooth rendered walls. One-over-one pane timber sash windows with stone sills. Timber matchboard door with stone flag paving. Small lean-to extension to rear with corrugated-iron roof. Single-storey outbuilding attached to north with pitched slate roof, rendered walls and slit windows. Single-storey outbuilding with curved corrugated-iron roof to north, beyond gateway. Roofless single-storey outbuilding and ruinous vernacular house to south of house. Former house opposite has pitched corrugated-iron roof, roughcast walls and six-over-three pane timber sash windows. Corrugated-iron haybarn to east of main buildings. Stone boundary wall with wrought-iron gate to site.
DPS816	Monroe (The Ragg) house'	Detached four-bay single-storey house, built c. 1800, with projecting porch to front and windbreak to rear. Pitched slate roof with stone eaves brackets, and exposed brick and rendered chimneystacks. Roughcast rendered walls, with render quoins, plinth and plat band. Square-headed window with six-over-six pane timber sash windows to front and replacement uPVC to rear, having stone sills. Flat-roofed porch with moulded eaves dentils and cornice, fixed and tripartite windows and having timber panelled door. Single-storey with loft rubble limestone outbuilding to west, forming courtyard with house. Rendered boundary wall with rendered piers and wrought iron vehicular and pedestrian gates and rubble limestone garden wall to east with dressed stone piers and wrought-iron gate.
DPS817	Roan (Upperchurch house'	Detached four-bay two-storey house, built c. 1870, with single-storey extension to rear and flat-topped windbreak to entrance. Lobby-entry plan. Hipped slate roof with rendered chimneystacks. Pebbledashed walls to first floor and rear and smooth rendered to ground and gables, with render quoins and plinth to front. Square-headed openings with two-over-two pane timber sash windows with stone sills to front elevation and replacement uPVC windows to rear. Former five-bay single-storey with loft vernacular house, built c. 1800, to south-west, now used as farm building and having lean-to extension to south. Pitched slate roof with carved timber bargeboards, windbreak with lean-to slate roof, rubble sandstone walls, two-over-two pane timber sash windows with stone sills and retaining interior features including wide hearth with iron crane and wheel bellows. Single-storey rubble outbuildings with pitched slate roofs to site.

Townland	Structure Name	Description	
DPS818	Gortkelly	Gortkelly Castle	<p>Detached five-bay three-storey country house, built c. 1800, with single-storey kitchen block to rear with pitched slate roof and with square tower attached to rear. Projecting polygonal central entrance bay topped by belvedere, octagonal towers to corners and crenellated parapet to front and gable elevations, all added c. 1830. Roof removed c. 1940 and building now in ruins. Ruled-and-lined rendered rubble limestone walls, with rendered brick to entrance bay and towers, and with stone corbels to parapets. Square-headed openings with recent concrete lintels, stone sills and segmental stone relieving arches, with pointed window openings to entrance bay and lancets, square-headed loops and croix pommées to corner towers. Some round-headed brick-arched windows to rear. Some internal plasterwork survives. Yard of single-storey farm buildings to rear of house with pitched slate roofs and rendered walls, with six-bay single-storey farmhouse to south of main house, built c. 1940, with pitched artificial slate roof, rendered chimneystacks and rendered walls. Walled garden to south o</p>
DPS819	Castle Fogarty	Saint Cataldus' Roman Catholic Church	<p>Detached T-plan church, built c. 1835, with three-bay nave, single-bay transepts, with sacristy to south-east and three-stage tower to west and porch to gable of south transept. Roughcast rendered walls, smooth rendered to tower. Pitched slate roof with cast-iron rainwater goods and with cross finials to gables. Stepped rubble limestone parapet and stone string course to tower. Pointed arch window openings with mullioned traceried sash windows with stained glass. Doorway to west end of south wall of nave, accessed by flight of steps. Carved timber reredos with crocketed pinnacles. Carved timber altar rail. Timber panelled double doors to interior of entrance. Gallery over entrance end of nave with columns supported moulded cornice and carved timber rail. Braced collared timber truss roof with ceiling.</p>
DPS820	Moneydass	D. Long	<p>Detached four-bay single-storey former house, built c. 1800, now in use as public house, with loft at north end and recent hipped extension to rear, with flat roofed link. Lobby-entry plan. North bay is addition. Thatched roof, hipped to south and half-hipped to north, with brick chimneystack. Square-headed one-over-one pane timber sash windows with stone sills. Timber panelled door with overlight to segmental-headed opening. Timber shopfront with pilasters and fascia and having snecked dressed limestone stall riser. Garden to front of north end with dressed limestone boundary wall with steel railings and gate.</p>

	Townland	Structure Name	Description
DPS821	Ballycahill	thatch cottage'	Detached five-bay single-storey house, built c. 1800, with windbreak having later canopy to front and flat-roofed rear extension. Lobby-entry plan. Hipped straw thatch roof with scalloped ridge painted brick chimneystack. Roughcast rendered walls. Square-headed openings with replacement uPVC windows and door. Garden to front with decorative timber gate to rendered boundary wall.
DPS822	Castle Fogarty	Castle Fogarty	Detached castellated house, largely a rebuilding c.1800 of earlier Georgian house, the whole destroyed by fire 1922 and one tower restored. An L-shaped house with courtyard to rear formerd by outbuildings. Front, east entrance block comprises three-storey square-plan projecting end towers, that to south-east having cap house to roof and central three-storey projecting polygonal tower built c.1840, flanking two-bay recessed parts. South block is five-bay three-storey with square-plan tower to west end. Maainly roofless. Rendered walls throughout having buttresses to towers and between bays of south block and crenellations supported on corbels throughout, with string courses to recessed bays and to towers of front block. Square-headed openings throughout except for ground floor of front block which are pointed and have hood mouldings. Croix pommées to towers. Coat of arms with motto in irish to one tower. Dressed limestone entrance gate piers with shell-shaped capstones and recent steel gates and railings with rubble plinths.
DPS823	Allengort	house	Detached four-bay single-storey vernacular house, built c.1800. Lobby-entry plan. Hipped thatched roof. Rendered walls with render quoins. Square-headed replacement uPVC windows with painted stone sills. Replacement timber battened door in flat-roofed windbreak with render quoins. Set in triangular yard, outbuilding with pitched artificial slate roof forming one side and rendered boundary wall forming third side.
DPS824	Glebe	Mulgrave Bridge	Single-arch limestone road bridge over Owenbeg River, built c. 1820. Snecked roughly-dressed walls with rusticated voussoirs and roughly-dressed copings.
DPS825	Ballyoughter	Ballyoughter Bridge	Pair of rubble stone bridges

Townland	Structure Name	Description	
DPS826	Glebe	Church of Ireland Church	<p>Detached First Fruits church, built c.1790, comprising three-bay nave and square-plan west tower with octagonal drum. Pitched roof missing its slate covering, having limestone eaves course. Rendered rubble limestone walls with dressed stone copings to gables, string courses and quoins. Limestone plinth, strip buttresses and having dressed limestone string course and eaves course to tower. Pointed arch windows throughout, with dressed sandstone surrounds and sills and cast-iron frames with daiper pattern glazing. Blocked windows to north elevation. No windows in south wall of nave. Blind pointed arch windows to drum of tower, with louvres to openings on stage below. Dressed sandstone doorway to bell tower now blocked up. Stone wall enclosing surrounding graveyard having wrought-iron gates with square piers with pyramidal limestone caps.</p>
DPS827	Crossogue	Crossogue House	<p>Detached L-plan three-bay two-storey over basement country house, built c. 1855, with four-bay north elevation, two-bay south and with two-storey over basement lean-to addition to rear, Entrance breakfront with open-bed pediment and pilasters. Hipped slate roof with projecting eaves supported on timber brackets, and rendered chimneystacks with terracotta chimneypots. Ruled-and-lined rendered walls, with rendered quoins and string course between ground floor and basement. Square-headed openings, some blind to gables, with timber sash windows, some double to rear addition, three-over-six pane to first floor and six-over-six pane to ground, all with stone sills. Segmental-headed opening with timber panelled door with paned overlight and timber pilasters with consoles. Courtyard of outbuildings to north of house, with multiple-bay two-storey stable block to east side, with hipped slate roof and rendered walls, and multiple-bay single-storey stables to west side.</p>
DPS828	Garrynamona	Farney Bridge	<p>Four-arch limestone road bridge over Farneybridge River, built c. 1800. Rubble limestone walling and parapets, with round-arched openings with large dressed voussoirs. Bridge piers projects slightly forward of elevations. Coping stones missing from part of parapet, and elements of abutting walls repaired in concrete block.</p>
DPS829	Farney Bridge	bridge'	<p>Triple-arch road bridge over Farneybridge River, within Farney Castle demesne, built c. 1860. Rendered walls with rendered dressed limestone voussoirs and dressed stone piers, with U-shaped cutwaters to north elevation with domed caps. Piers carried upwards projecting slightly from elevations of bridge and have moulded and stepped caps topped with urns. Wrought-iron railings to sides of carriageway and benchmark to north parapet.</p>

Townland	Structure Name	Description	
DPS830	Brittas (thurles)	Brittas Castle Lodge	Detached three-bay gate lodge, with single-storey front and formerly two-storey rear elevations, with gabled projecting central bay, built c. 1850, with recent extension to rear. Pitched slate roof having cut limestone chimneystack with recent rendered top. Rendered walls with dressed limestone quoins, plaque, dressings to openings and label mouldings. Square-headed openings to front, mullioned double segmental lights to lower gables and loops to upper gables, all with block-and-start surrounds, replacement windows and with label mouldings to all ground floor openings except ogee-headed windows in sides of porch. Wide entrance door openings with label moulding and recent brick infill to sides and having replacement timber door. Square-profile ashlar limestone piers and rendered walls with dressed limestone copings and having replacement cast-iron vehicular and flanking pedestrian gates to road.
DPS831	Ballynahow	Ballynahow House	Detached three-bay two-storey house, built c. 1770, with single- and two-storey flat- and pitched extensions to rear and single-storey lean-to extension to south gable. Hipped slate roof having rendered chimneystacks. Roughcast rendered walls. Square-headed openings with segmental-headed one-over-one pane timber sash windows and limestone sills and replacement timber door. Yard of single-storey outbuildings to east, with pitched slate roofs and rendered walls. Two-bay single-storey outbuilding with thatched roof and rubble limestone walls. Rubble limestone lime kiln to west with segmental brick arched opening. Seventeenth-century round tower house to east. Bridge over field drain gives access to house.
DPS832	Ballynahow	Ballynahow Castle	17th Century Tower House
DPS833	Ballynahow	lime'kiln'	Freestanding limekiln, now disused. Rubble stone walls with round-headed opening with stone voussoirs.
DPS834	Casestown	thatch cottage'	Detached three-bay single-storey house, built c. 1800, with recessed two-phase two-bay addition to west end and recessed two-bay addition to east end. Hipped straw thatch roof, with rendered chimneystack, half-hipped straw thatch roof to west end of west addition, and pitched slate roof to east addition. Roughcast rendered walls. Square-headed one-over-one pane timber sash windows having stone sills and moulded render surrounds. Timber battened door and half-door.
DPS835	Ballynahow	Maryfield House	Three storey three bay dwelling with sole elliptical window to central front. Large two storey extension to rear and annexes to either wing. Single storey porch to front elevation
DPS836	Ballynahow	Fort Edward	Three storey three bay dwelling with sole elliptical window to central front. Large two storey extension to rear and annexes to either wing. Single storey porch to front elevation

	Townland	Structure Name	Description
DPS837	Glengarriff	Glengarriff House	Two storey dwelling with gable containing double height bay. Red brick fenestration to ground floor with dash to upper floor. Two storey return to rear. Red brick Chimneys. Quadrant vehicular gateway to country house, erected c.1870, comprising square-profile cut limestone plinths and panelled piers, having decorative cast-iron piers, gates and railings.
DPS838	Raheen	Raheen House	Three bay, two storey dwelling with single storey porch to front with stained glass. Extensive stone walls and outbuildings.
DPS839	Turtulla	The Villa	Two storey dwelling with gable to front elevation and porch to ground floor. Bay window to side. Dash fenestration with hooded mouldings. Outbuildings to rear of dwelling.
DPS840	Borris	Saint James' Roman Catholic Church	Detached cruciform-plan gable-fronted church, built c. 1830, with three-bay nave, single-bay transepts and apse, gabled entrance porch and flat-roofed sacristy to north. Pitched slate roof with cast-iron rainwater goods, having rendered bellcote to gable front. Roughcast rendered walls with smooth-rendered plinth and corners. Pointed openings, tripled to gable front, with stained glass windows, having hood mouldings. Timber battened doors with strap hinges to four-centred headed main doorway. Side doorways in transept gables have label mouldings. Interior altered but carved timber ogee-headed blind arcade retained to altar area. Gallery to entrance end with carved timber balustrade atop glazed timber screen. Lawns around church, with rendered boundary wall to street with steel railings and gates.
DPS841	Drumbane	Saint Mary's Roman Catholic Church	Detached T-plan gable-fronted church, rebuilt in 1900, having two-bay side elevations to nave and projecting porches to transepts. Pitched artificial slate roof and rendered brick bellcote with cross finial to front gable. Rendered walls with incised linework and with limestone plaque in entrance front. Pointed arch window openings with hood mouldings and stained glass windows. Timber battened double doors to front. Interior has timber galleries in transepts and over entrance end of nave, marble reredos and tongue and groove ceiling.
DPS842	Drumbane	Patrick Ryan	Detached two-bay two-storey house, built c. 1900, having public house to ground floor. Hipped artificial slate roof with rendered chimneystacks. Roughcast render to walls with smooth rendered quoins. Stucco pubfront having engaged fluted pilasters and decorative cornices with modillions to fascia. Similar cornice and pilasters to main entrance to pub. Replacement one-over-one pane timber sash windows. Square-headed openings to ground floor and segmental-headed openings with decorative window surrounds and rusticated keystones to first floor. Timber panelled entrance door having plain overlight and flanked by sidelights.

Townland	Structure Name	Description	
DPS843	Moyaliff	Moyaliff House	Detached five-bay two-storey house, built c. 1810, having projecting gable-fronted entrance bay, and lower eighteenth-century L-plan two-storey block to rear, with further two-bay two-storey additions to this block. Pitched artificial slate roof with paired carved timber brackets to eaves, replacement decorative bargeboards and having rendered chimneystacks, that to east gable projecting. Rendered walls. Timber sash windows throughout in square-headed openings with tooled limestone sills, having one-over-one pane to main block, six-over-six pane and eight-over-four pane to L-plan addition. Variety of windows, including six-over-six pane timber sash, to outer additions. Replacement timber door with leaded overlight and one-over-one pane timber sash side-lights. Extensive stone outbuildings to rear.
DPS844	Moyaliff	Moyaliff Lodge	Detached irregular-plan three-bay single-storey gate lodge, built c. 1875, having projecting central gabled entrance bay. Pitched slate roof having bracketed eaves, moulded bargeboards, decorative ridge tiles, brick chimneystack. Coursed rubble limestone walls with dressed limestone quoins and having red brick surrounds to openings. Square- and segmental-headed window openings with boarded windows and limestone sills. Timber battened door.
DPS845	Beakstown	Beakstown Cottage	Detached five-bay single-storey over half basement house, built c. 1825, having projecting half-octagon front entrance porch and with bow with full-height window in rear elevation. Conservatory added to eastern elevation. Hipped replacement slate roof having central cut stone chimneystacks. Rendered walls. Replacement uPVC windows throughout, with exception of those to porch, with stone sills. Replacement timber panelled front door and spoked fanlight. Flight of limestone steps up to front door, having wrought-iron balusters and handrail. Wrought-iron gates to entry. Mill race of watermill to north of house retained, but main mill building demolished. Converted stone outbuilding to north of house and mill race having pitched slate roof, brick chimneystack to gable end and two carriage arches.
DPS846	Glenreagh Beg Glebelands		Three bay, two storey dwelling with dash render and hipped slate roof. Two storey extension to side and lean-to to rear. Extensive courtyard of stone outbuildings to rear.
DPS847	Beakstown	mill'	Detached three-storey former woollen mill on the River Suir, built c. 1790, but incorporating earlier fabric. Hipped slate roof with corrugated-iron sheeting over southern wing. Single- and two-storey additions to west, with pitched and lean-to corrugated-iron roofs. Rendered walls. Replacement timber windows in square-headed openings. Round-headed window to western addition. Ruined elements include the former mill race upstream from the mill, and evidence of the foundations of former structures.

	Townland	Structure Name	Description
DPS848	Cabragh	Cabragh Bridge	Three-arch limestone bridge over the River Suir, built c. 1820. Rubble walls with dressed stone voussoirs to arches, separated by dressed stone pilasters with string course over. Semi-circular dressed stone cutwaters and substructure to piers. Rubble stone parapet.
DPS849	Cabragh		Detached H-plan two-storey house, built c.1840, consisting of three-bay front and rear blocks having single-storey link at right angles to blocks. Canted full-height windowed bays to east and west gable ends of front and to west gable of rear block with timber panels between floors, gabled entrance breakfront to front block, canted projecting single-storey bay to centre of east elevation and verandah in centre of west elevation. Canted window also within verandah. Pitched roofs to higher parts of building and to link., lean-to to verandah and flat roof with crenellations to east canted bay. Scalloped timber bargeboards to end gables with pointed timber finials. Lead tent roofs to canted end bays. Rndered chimneystacks. Rendered walls with raised rusticated quoins. Carved timber side to verandah having trefoil arcade detailing. Timber sash windows throughout, mainly one-over-one pane, but having some two-over-two pane to canted end bays. Front elevation has tripled windows to ground floor and double windows to first floor flanking triple window to breakfront. Front windows h
DPS850	Cabragh	bridge'	Former railway bridge, now disused. Snecked stone with stone voissoirs
DPS851	Newbrook	Newbrook House	Two storey four bay dwelling with hipped roof and heavy eaves overhang. Red brick chimneys. Small timber sash one over one windows remaining. Stone courtyard to rear
DPS852	Holycross	Church House	Detached five-bay two-storey house, built c. 1820. Hipped slate roof with cast-iron rainwater goods and rendered chimneystack. Roughcast rendered walls with render plinth and plat bands to ends of elevation. Timber sash windows with stone sills. Replacement glazed timber door. Garden to front of house bounded by random limestone wall and gate with square piers with pyramidal caps. Single-storey outbuildings with pitched slate roofs to north and east of house, forming courtyard enclosed to west by rendered walls with square gate piers with wrought iron gates.

Townland	Structure Name	Description	
DPS853	Holycross	Holycross Church of Ireland Church	<p>Detached former Board of First Fruits church, built 1821, comprising three-bay side elevations to nave, with three-stage castellated and pinnacled tower to west and lower sacristy to north with cut stone chimneystack and with recent flat-roofed extension, now in use as offices. Pitched slate roofs. Roughly-coursed snecked limestone walls with stringcourses and corbel tables to tower and with cut stone copings to gables. Traceried pointed arch window openings with hood mouldings above. Louvred windows to upper stage of tower. Pointed arch doorway with hood moulding and with timber battened door and overlight. Clock faces with hood mouldings to three elevations of tower. Plaques to interior and gallery at west end. Graveyard around building with rubble boundary walls to site with square piers with wrought iron gates.</p>
DPS854	Holycross	Saint Michael's Holycross Community Centre	<p>Detached gable-fronted barn-style former church, built 1834, with four-bay side elevations to nave, single-storey porch to front gable and recent lean-to extension to north gable. Renovated c. 2000 for use as community centre. Pitched slate roof with cast-iron rainwater goods and with cut stone chimney. Ashlar limestone front gable with stringcourse, low relief crosses, roundel and with cross finial. Coursed squared limestone entrance front, roughly-coursed rubble side walls and rendered north gable. Arches and straight joints in north ends of side walls are evidence of proposed transepts, unbuilt. Memorial stone to south front. Paired Y-tracery timber double sash windows with hood mouldings. Square-headed door opening with timber door. Gallery over south end of interior with carved front. Recent stage added to north end of interior. Under renovation at time of inspection.</p>
DPS855	Holycross	Holycross Parochial House	<p>Detached three-bay two-storey house, built c. 1815, with rear return. Hipped artificial slate roof with rendered chimneystacks and terracotta chimneypots. Roughcast rendered walls, with rendered quoins and plinth. Replacement uPVC windows with stone sills. Timber panelled door with sidelights and ornate fanlight over, having canopy supported on console brackets and flanked by round-headed niches with render hood mouldings. Screen walls each side of house connect with gable-fronted two-storey stable blocks with pitched slate roofs and roughcast rendered walls. Rendered wall to north forming enclosed courtyard. Square stone gate piers with wrought-iron gates to entrance. Lawn to front of house.</p>

Townland	Structure Name	Description	
DPS856	Holycross	Glasheens	Detached three-bay two-storey house with two-bay two-storey wing to north-west, forming L-plan, with flat-roofed porch in angle and with flat-roofed extensions to north. Built c. 1820, now in use as public house. Hipped and pitched slate roof with cast-iron rainwater goods and rendered chimneystacks. Roughcast rendered walls, south gable corners rounded, one with wheel guard, and with some decorative render quoins. Timber sash windows in square-headed openings with stone sills. Moulded rendered shopfront to southern elevation with fixed timber windows between four pilasters having decorative capitals supporting cornice with console brackets.
DPS857	Holycross	mill'	Detached three-bay two-storey former watermill, built c. 1780, on bank of River Suir. Pitched roof, covering gone. Rubble limestone walls with dressed window surrounds, lintels and sills. Evidence in south wall of earlier phases of building. Carved grotesque head on the exterior of the north wall above the doorway. Timber and steel undershot mill-wheel to east gable on millrace running parallel to the river. Some machinery and mill stones in interior.
DPS858	Holycross	Holycross Bridge	Eight-arch limestone road bridge over River Suir, built c. 1410, rebuilt 1626, retaining elements of earlier bridge, and widened c. 1750. Rubble walls, pointed-segmental arches with roughly cut voussoirs and V-shaped cutwaters on the upstream side and with round-headed arches downstream. Splayed caps to piers. Stone parapet and abutment walls. Inscription with armorial carving at north-western end of bridge.
DPS859	Galbertstown Lower	house'	Detached five-bay single-storey house and farmyard buildings, built c. 1860, porch added to front of house c. 1965. Pitched artificial slate roof with cast-iron rainwater goods and rendered chimneystack. Roughcast rendered walls having smooth rendered quoins. Replacement timber casement windows. Glazed timber door to porch. Single-storey outbuildings having pitched roofs and roughcast render to walls and with square-headed openings with half-doors and brick segmental-arched cartdoors. Rendered wall and wrought-iron gates to roadside boundary.
DPS860	Shanbally	Shanbally House	Three bay, two storey dwelling with pitched slate roof and external chimneys. Double four over four timber sash windows. Two storey extension to rear with single storey flat roof extension. Stone outbuildings to rear.

Townland	Structure Name	Description
DPS861	Graigue (Moycarky) Parocial House	Detached three-bay two-storey T-plan house, built c. 1880, with two-storey entrance bay in angle, canted bay windows to east and north gables and two-storey extension to west. Pitched slate main roof with decorative terracotta ridge cresting an finials, pyramidal with cross finial to entrance bay, flat-roofed to extension, and with carved bargeboards to gables. Lined-and-ruled rendered walls with rendered quoins and plinths and string course between floors. Shallow segmental-arched window openings with tripartite timber casement windows. Cast-iron water pump on stone flags to east of house. Four-bay two-storey outbuilding to west with hipped slate roof, terracotta ridge capping and brick chimneystack, rendered walls with brick quoins, segmental-arched windows to ground floor, and square-headed to first floor. Rubble limestone gate piers with stone capping forming entrance gate to courtyard. Brick entrance gate piers with decorative rendered capitals and wrought-iron railing.
DPS862	Graigue (Moycarky) thatched house'	Detached three-bay single-storey vernacular house, with windbreak entrance, built c. 1860. Lobby-entry plan. Single-bay extension to north, and with single-storey extension to rear joined to house with flat-roofed link. Hipped thatched roof with rendered chimneystack. Pitched artificial slate roofs to additions. Limewashed walls. One-over-one pane timber sash windows with stone sills. Replacement windows to rear block. Replacement timber door. Single-storey outbuilding with rendered walls and pitched slate roof to north-east of house, forming L-shaped courtyard. Rendered wall with square pier to road boundary.
DPS863	Moycarky Maxfort House	Detached three-bay two-storey former miller's house, built c. 1850, having lower two-bay two-storey return and lean-to extension to rear. Now in use as private house. Skirt artificial slate roof, pitched to return, with stone eaves course and rendered chimneystacks. Rendered walls with stucco quoins. Timber sash windows, six-over-six pane to main block and two-over-two pane to return, with stone sills. Timber panelled double leaf door having decorative side lights and spoked fanlight. Retaining significant interior features. Single-storey outbuildings with rendered walls and pitched corrugated iron roofs. Extensive mill and distillery complex to west.
DPS864	Moycarky post box'	Wall-mounted cast-iron letter box, c.1905, with royal insignia of Edward VII. Set into coursed rubble limestone boundary wall of graveyard.

Townland	Structure Name	Description	
DPS865	Moycarky	Moycarky Cottage	<p>Detached five-bay single-storey house with dormered attic, built c. 1875, having later alterations. Pitched and hipped artificial slate roof with gabled attic dormers and rendered chimneystacks. Rendered walls. Paired small-pane margined two-over-two pane and one-over-one pane timber sash windows to front elevation with render labels, and with oriel window having timber sashes to dormer floor. Replacement timber casement windows to rear, which has been more recently altered and extended. Replacement timber panelled front door. Rendered circular gate piers with fluted necks, stepped conical caps with ball finials, wrought-iron gates and cast-iron railings to site.</p>
DPS866	Moycarky	Moycarky Montessori Nursery School	<p>Detached gable-fronted two-storey former church hall, built 1889, with three bay side elevations. Now in use as pre-school. Single-storey extension with hipped slate roof to rear. Pitched slate roof with cast-iron rainwater goods, rendered chimneystack and decorative timber bargeboards. Rendered walls with dressed limestone quoins and limestone plaque. Pointed arch window openings with double timber four-over-pane pane sash windows with Y-tracery and having stone sills. Dressed limestone block-and-start surrounds to front elevation openings. Replacement timber battened doors.</p>
DPS867	Newtown (hyolycross)	Twoford Bridges	<p>Detached watermill and former distillery complex on Ballyfinboy River, built c.1800 and substantially added to c.1850. Comprises L-plan six-bay four-storey with attic block at south with three-bay six-storey return to north, three-bay six-storey block attached to latter and having east wall of former single-storey buildings along west side, outside filled-in millrace. Remains of extensive further buildings to north and of large yard to east and north-east. Slate roofs throughout with stone eaves course, pitched to south and west gables and hipped to north end of return and roofless elsewhere. Rendered rubble limestone walls, with evidence of multi-period construction, especially at north end of main block. Square-headed window openings, some with surviving timber frames, including small-pane casements. Windows to north end of main building have dressed stone voussoirs. Yard to south-west corner entered through segmental archway with cut stone voussoirs. Elliptical-arched entrance to north, square-headed pedestrian entrances elsewhere. Wide segmental-arched opening in west end of south wall of r</p>
DPS868	Moycarky	signal box'	<p>Detached single-bay two-storey railway signal box, built c.1880, now disused. Hipped slate roof with rendered brick chimneystack. Rendered walls with rusticated stone base. Fixed timber windows and external steel satirs to first floor.</p>

Townland	Structure Name	Description	
DPS869	Curraheen (Horse & Jockey)	Station House'	Detached former railway station, built c.1880, comprising four-bay single-storey block to south, with verandah along western side, three-bay two-storey block to north with advanced end gables and with recent two-storey extension to north-east. Canted bay windows to west elevation of northern block. Pitched slate roofs with cut limestone and rendered chimneystacks and decorative timber bargeboards. Cast-iron supports to verandah. Coursed rubble limestone walls with raised dressed limestone quoins. Brick surrounds to window openings, with timber sash windows, six-over-six pane to ground floor and three-over-three to first. Replacement timber panelled door with sidelights in recessed canopied porch to northern block. Platform with stone facing to west side of station building.
DPS870	Curraheen (Horse & Jockey)	house'	Detached four-bay two-storey house, built c. 1860, having windbreak entrance and single-storey flat-roofed extension to rear. Pitched slate roof and rendered chimneystacks. Pebbledash render to walls with smooth render to porch and quoins. Replacement uPVC windows and replacement timber door. Moulded render window surrounds and ornate stucco render to entrance with alternating smooth and rusticated imitation blockwork and moulded cornice with consoles, dentils and swags. Single-storey rendered stone outbuilding with pitched slate roof to rear.
DPS871	Parkstown	Parkstown House	Detached five-bay two-storey over basement house, built c. 1790, having two-storey additions to rear. Hipped slate roof with overhanging bracketed eaves and rendered chimneystacks to main house with flat roofs to rear blocks. Rendered walls with render quoins and plinth. Round-headed tooled limestone doorcase to front door, with pilasters, impost, archivolt and cornice, and having plain overlight, double leaf timber panelled doors and approached by limestone steps. Extensive two-storey outbuildings to south and south-west, having pitched slate roofs and rendered stone walls, incorporating carriage arch, domestic quarters and date stone engraved 1790. Large walled garden to south. Quadrant gateway to road with rendered walls and piers.

Townland	Structure Name	Description
DPS872	Ballydavid house'	Detached three-bay three-storey over basement house, built c. 1800, with shallow return to rear, projecting flat-roofed timber porch to front and recent single-storey extensions to rear. Pitched slate roof with cast-iron rainwater goods and rendered chimneystacks. Roughcast rendered walls. Replacement timber sash windows, tripartite to ground floor, six-over-six pane to first and second floors and nine-over-nine pane to ground, all with stone sills. Replacement timber door, and surround glazing, set in segmental-headed opening. Porch comprises paired slender fluted timber columns on limestone plinth, supported entablature and having limestone steps. Single-storey addition to south with pitched artificial slate roof.
DPS873	Ballybeg Littleton Lodge	Detached four-bay two-storey house, built c. 1820, having crenellated semi-elliptical tower to south-west corner mirrored by similar but blank façade to south-east corner, latter concealing single-storey lean-to addition to east gable. Pitched artificial slate roof with decorative terracotta ridge capping and having brick chimneystacks. Roughcast rendered walls with smooth render plinth. Pointed-arch openings to west tower, square-headed elsewhere, all with moulded render surrounds with keystones and having replacement uPVC windows and door. Two-storey outbuilding to north-west and two ranges of single-storey outbuildings to north.
DPS874	Liskeveen Kevinsfort	Detached three-bay two-storey house, built c. 1810, having three-bay two-storey return to rear. Hipped slate roof to main block with pitched slate roof to return. Rendered chimneystacks. Rendered walls with projecting stucco quoins to main block. Replacement timber windows to main block with some two-over-two pane and double one-over-one pane timber sash retained to return, all with limestone sills. Glazed timber front door having replacement timber side lights and spoked fanlight, in recessed segmental-headed opening. Glasshouse to south. Rendered outbuildings to enclosed yard to rear, entered through dressed limestone carriage arch to south. Later nineteenth century three-bay single-storey gate lodge to south of house opposite main entrance, having pitched slate roof with decorative timber bargeboards and with two-over-two pane timber sash windows.

Townland	Structure Name	Description		
DPS875	Liskeveen	Liskeveen House <p>Detached three-bay two-storey house, built c. 1800, with two-bay side elevations, lower three-bay two-storey addition to rear and having projecting pedimented entrance porch of c. 1860. Flat-roofed addition to rear. Hipped slate roof with wide eaves and with pitched slate roof to rear block, with cut limestone chimneystacks and terracotta chimneypots. Roughcast rendered walls. Square-headed openings with one-over-one pane timber sash windows. Variety of blind windows, six-over-six-pane timber sash windows and replacement uPVC windows to rear. Round-headed fixed and timber sash windows to porch. Porch has render pilasters to elevations and to pedimented centre of main elevation, and has ornate cast-iron parapet. Square-headed doorway in side wall of porch, with decorative timber panelled door and paned overlight. Ornate cast-iron piers of former garden gate near doorway. Extensive courtyard of outbuildings, with ten-bay two-storey and multiple-bay single-storey ranges, to east of house, with pitched slate roofs, rendered walls, now partially derelict. Single-arch stone bridge</p>		
DPS876	Ballybeg	Littleton Rectory <p>Detached three-bay two-storey over basement house, built c. 1780, reconstructed without original third storey and extended to rear, in 1978, and with flat-roofed entrance porch. Hipped artificial slate roof with rendered chimneystacks. Rendered walls. Square-headed timber sash windows, mainly six-over-six pane but with nine-over-six pane to front ground floor. Porch comprises engaged columns flanking glazed timber double doors and sidelights to front wall and windows to side walls.</p>
